I bought my licence of my father in 2005 for approximately\$350k I had a mortgage on it until 2017. I worked 100 hour weeks just to pay it off. And now no superannuation and my income has gone backwards and we have not had a fare increase for 12 years. I think this industry is for people who have no where to go and earn peanuts. We are dumb people and we are looked at as just shitty taxi drivers. So who cares about them. Thanks allot to these gutless pollies for leaving me with nothing to look forward to but the pension. Cheers Daniel Andrews and co.
