2022-23 Budget Estimates Hearing Planning portfolio

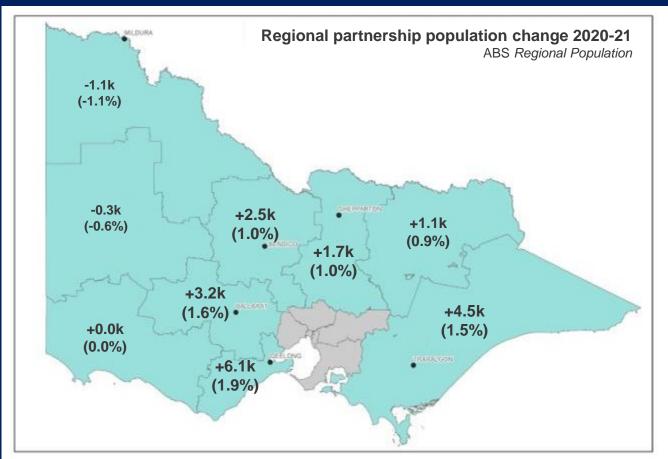

Public Accounts and Estimates Committee 23 May 2022

Regional growth

Development Industry

Key Priorities

Supporting regional growth

Support Victoria's economic recovery

Facilitating land and housing that keeps pace with demand

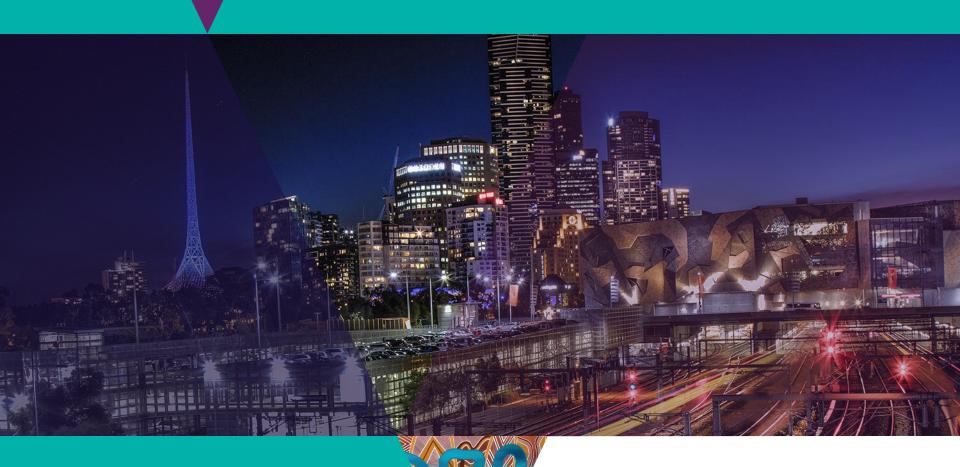

Maintaining a strong commercial property sector in Melbourne's CBD

Keeping communities safe
by delivering the
Government's landmark
Cladding Rectification
Program and effectively
regulating Victoria's
building industry

2022-23 State Budget

- \$27.8 million for building reforms to secure Victoria's economic recovery. This funding will include implementation of automatic mutual recognition, improve regulatory oversight, establish the State Building Surveyor, establish a statutory Building Monitor and a Cladding Cost Recovery Program.
- \$1.6 million to deliver sustainable growth for a resilient Victoria. This funding will be used to update Regional Growth Plans to support population growth in regional Victoria.
- \$2.3 million to continue the work of the 10-year Revitalising Central Geelong Action Plan.
- \$2.2 million to continue to manage, maintain and protect heritage at Jacksons Hill in Sunbury.
- **\$6.0 million** for the Victorian Planning Authority to meet growing demand and assist with affordable housing in metropolitan and regional cities.
