VICTORIA

# What will Infrastructure Victoria do?

1

30-year infrastructure strategy

2

Independent advice to government

3

Research

## What won't Infrastructure Victoria do?

Develop business cases

Approve initiatives for implementation

Procure, deliver or manage projects

## Our work is guided by a set of principles

- Consult and collaborate
- Drive improved outcomes
- Use evidence wisely
- Consider non-build solutions first
- Promote responsible funding and financing
- Be open to change

## Feedback from consultation

124 formal submissions, over 500 comments and reports from workshops in response to our Laying the Foundations document

Engagement exceeded our expectations

Overall responses showed support for the strategic framework

The need of a stronger regional and rural focus was a strong theme in feedback
