

LXRA IMAGES PROVIDED TO AFFECTED RESIDENTS

4 Cosy Gum Road

Please note that these images are based on preliminary designs for the Level Crossing Removal Project: Caulfield to Dandenong. Shadows shown at 2pm on the 22 September 2016 (consistent with the date considered for planning assessments in Victoria). These images have been taken from aerial photography with 3D design overlaid. Elements such as specific layout and height of neighbouring properties, tree location, tree species are indicative only.

Any visual/noise screens are shown are set at 600mm in height for indicative purposes only. The final height of screens will be subject to further design work and the completion of the consultation phase.

These images should be used as a general guide to help inform feedback to the consultation process and should not be considered final.
