The \$6m Demand Fund was established to meet urgent demand pressures during the life of the Royal Commission. The Royal Commission is due to report on 29 March.

57 service providers wrote to the Minister for the Prevention of Family Violence seeking funding support. Demand funding allocations will be made and announced at the time of the Royal Commission report's release.

The work is now completed.

The program gives a valuable insight into the role of a leading Victorian Public Service department and builds capabilities suitable for a career in the VPS.

DPC welcomes and encourages applications from students from all diverse backgrounds, including Aboriginal and/or Torres Strait Islander people, CALD communities, as well as people with a disability. Information is provided to key contacts in the Office of Multicultural Affairs and Citizenship and Aboriginal Victoria to be forwarded onto their various networks.

The workforce figure for core DPC increased by 64.84 FTE in June 2015 in comparison to June 2014. This figure reflects the data included in the *DPC Annual Report 2014-15*. It is calculated by combining the *Ongoing employment* and the *Fixed-term and Casual FTE* figures in DPC's Workforce Profile. An extract from the relevant table in the *DPC Annual Report* is included below.

The figure of 50.73 FTE referred to by Mr O'Brien reflects only FTE reported in the *Ongoing employment* column of DPC's Workforce Profile, omitting the *Fixed-term and casual FTE* also reported in the DPC Workforce Profile table in the *DPC Annual Report 2014-15* (below).

Extract from the DPC Annual Report 2014-15 (page 130, Table 1) - DPC's workforce profile:
