Doc 13

Good afternoon Reference Group members,

Attached is the **first version of our working draft** for your comment / discussion at tomorrow's reference group meeting - Please feel free to provide feedback via email before this meeting if you would prefer.

Thanks to those of you who provided early feedback using the feedback template. We have attempted to pick up your comments within this first draft - noting that some specific comments / examples have instead been captured as additional info / case studies to support additional evidence to be provided (eg in hearings etc).

There is still a lot of work to do in finalising this, and we look forward to your thoughts and suggestions.

During the meeting we will seek general feedback / discussion, before moving into more specific issues / comments working through each of the chapters.

I am conscious that this drafting will read quite DELWP-centric - so I invite comments specifically around how / where we can broaden the narrative to better reflect your organisation (noting the terms of reference of the Inquiry).

Huge thanks to [REDACTED] and [REDACTED] for their great work on drafting - and for each of you who have provided input.

Please give me a call if you would like to discuss prior to our meeting tomorrow.

Kind regards,

[REDACTED]

[REDACTED]
Strategy, Capability and Innovation Division

Department of Environment, Land, Water & Planning

Hi [redacted]

We met briefly yesterday, before your 4.00 pm meeting here at 8 Nicholson Street.

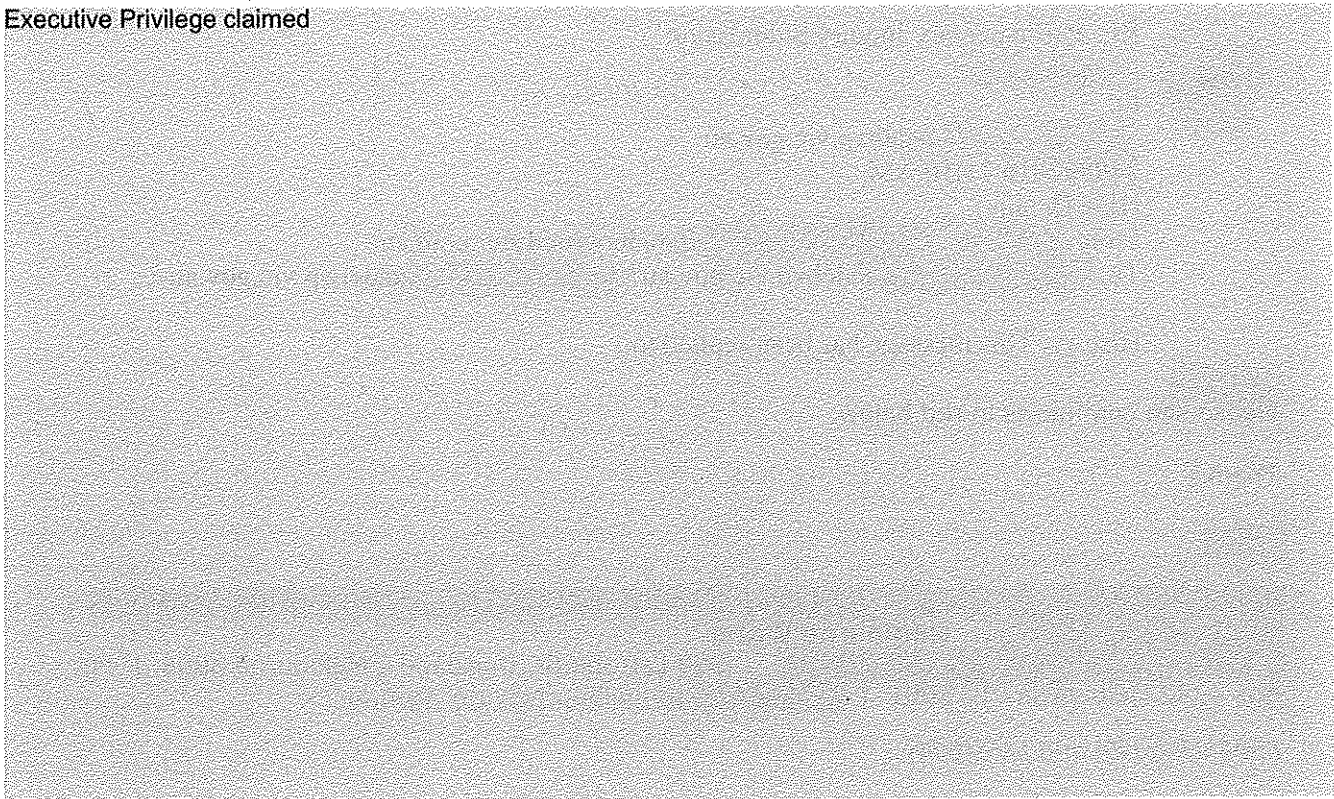

I was hoping you could provide me with the name of someone from Melbourne Water who can read this description of MW and its role in fire, for inclusion in our submission.

Regards, [redacted]

Hi [Redacted]

It just clicked, that yes you did speak to me about [Redacted] - just feels like a long time ago because so much has happened since.

As discussed, if you were able to quickly read over them to make sure you are happy with what we are putting in the submission.

The paragraphs are:
