183. **MR CAMERON** – To move, That this House notes the admission by the Minister for Health that the Government "has been concerned for some time regarding the long term viability" of the Maldon Hospital when the Government had made an election promise in March 1996 of a \$500,000 capital works upgrade within 12 months, but did not do it; and accordingly, this House demands that the Government now make up to Maldon for its disregard by doing all works at the hospital for it to be viable on an ongoing basis even though such cost will now exceed the original broken promise sum of \$500,000.

184. **MR HAERMEYER** – To move, That this House calls on the Premier to explain his knowledge of and involvement in ethnic branch stacking by his Ethnic Affairs advisor Mr Nick Kotsiris in a politically corrupt attempt to win Liberal Party pre-selection from the Member for Bulleen.
185. **MR ROBINSON** – To move, That this House condemns all those in the Victorian Division of the Liberal Party involved in efforts to unseat the Member for Bulleen through the mass recruitment of Greek Australians into Liberal Party Branches ahead of the Liberal Party's state pre-selections later this year.
186. **MR JOHN** – To move, That this House congratulates the Government and the Minister for Rural Development for the project facilitation services provided via Business Victoria with a special focus on servicing country Victoria, the service of which helps fast track major projects, and exemplifies Victoria's 'CAN DO' attitude to winning investments.
187. **MR HAERMEYER** – To move, That this House condemns the Premier for corruptly depriving Liberal members of this Parliament of their right under Liberal Party rules to elect eight members to the Liberal pre-selection convention in his desperation to dump Kroger/Howard supporter, Karen Synon, and calls on the Premier to make an immediate statement to the House to explain his involvement in this vote rigging exercise.
188. **MR THOMPSON** – To move, That this House congratulates the Government on its securing of major sporting events through the Melbourne Major Events Company and Tourism Victoria; and on work undertaken by the Melbourne Sports Training Coordination Centre and Sport and Recreation Victoria in attracting pre-Olympic training and competition to Victoria; and that the economic benefits to the State of Victoria derived through these strategies are acknowledged.
189. **MR ROBINSON** – To move, That this House condemns efforts by the Premier, in his capacity as Minister for Ethnic Affairs, and others in the Liberal Party to lower the standing and reputation of the Greek community by their complicity in efforts to defeat the Member for Bulleen in the forthcoming pre-selection for the seat of Bulleen.
190. **MR JASPER** – To move, That the Minister for Police and Emergency Services and the CFA be congratulated for the 500 CFA volunteers who left their jobs and families at short notice to fight the NSW bushfires in January 1998, particularly for their commitment and community spirit.
191. **MR HAERMEYER** – To move, That this House calls on the Premier and Minister for Ethnic Affairs to sack his Ethnic Affairs adviser, Mr Nick Kotsiris, for relentlessly stacking branches with members of the Greek community to unseat the Member for Bulleen and contaminating the spirit of multi-culturalism in this state.
192. **MR LEIGH** – To move, That this House congratulates the Government on the steps it has taken to assist young people who are homeless.
193. **MR CAMERON** – To move, That this House notes that the cost of installing a new sewerage scheme in towns in the Coliban district of \$1,950 per block has not been reduced since the Government gave funds for works in the Coliban district, despite the Government's claim such funds were to assist country people and accordingly this House demands the Government account for its failure to offer real assistance, particularly in those towns where sewerage is being imposed against the wishes of the community.

-
194. **MR PLOWMAN** (*Benambra*) – To move, That this House congratulates the Government on turning around Victoria's budget position from a \$2.5 billion deficit to an overall sustainable surplus.
195. **MR ROBINSON** – To move, That this House condemns the Minister for Education for his refusal to permit an independent review of the decision of the school council of Forest Hill Secondary College to close its Blackburn South Campus at the end of 1998; and notes – (a) that the Member for Waverley Province, the Honourable A. R. Brideson, MLC, told a public meeting earlier this year he was appalled by the consultation process of the school; (b) that the Member for Waverley Province proposed to the public meeting that an independent review of the decision be conducted by the Minister; (c) that the Member for Waverley Province also proposed to the public meeting that he and the Member for Bennettswood lead a deputation of parents and students to the Minister prior to a review being concluded; and (d) that no independent review was conducted by the Minister whose action in endorsing the original decision of the school council has placed the Member for Waverley Province in an intolerable position with regard to his constituents.
196. **MRS SHARDEY** – To move, That this House commends the Government and the Minister for Education for providing students with the latest testing procedures and parents with the most comprehensive reporting mechanisms available.
197. **MR HAERMMEYER** – To move, That this House condemns the Premier for vote rigging in the Liberal Party's Victorian Senate pre-selection to dump Kroger/Howard supporter Karen Synon in favour of one of his own supporters.
198. **MR JENKINS** – To move, That this House congratulates the Government and the Minister for Police and Emergency Services on their support of law and order in country communities with the upgrading of rural Victorian Police Stations.
199. **MR MILDENHALL** – To move, That this House condemns the Minister for Education for his attack on schools which have incensed school councils through his claim that Victorian Government Schools are awash with money when the Productivity Commission, Grants Commission and the Ministerial Council of Education Ministers all show Victorian schools are the lowest funded of any state.
200. **MR FINN** – To move, That this House congratulates the Government on the integrity of the process associated with the Docklands development.
- *201. **MR LEIGH** – To move, That this House expresses its extreme disappointment with the decision by the Federal Member for Holt for treating the voters of Australia with such petulance and arrogance by stating that he is resigning from Federal Parliament following the failure of the Federal Australian Labor Party to win Government.
- *202. **MR BRUMBY** – To move, That this House, noting the tragic loss of life and massive economic dislocation to Victoria and other States as a result of the Esso Longford gas explosion on Friday, 25 September 1998, calls for the immediate establishment of a Royal Commission to inquire into the cause of the disaster and all other related matters, including – (a) the adequacy of the plant maintenance and inspection regimes undertaken by Esso; (b) the effectiveness of the oversight by the Victorian WorkCover Authority in relation to administering its responsibilities under the Occupational
-

Health and Safety Act 1985 and the **Dangerous Goods Act 1985**; (c) the extent to which the introduction of self regulation of Occupational Health and Safety increased the risk of such an incident; (d) the extent to which specialist knowledge within Government regulatory authorities has been lost as a result of the disaggregation of the Gas and Fuel Corporation; (e) whether the powers of the Office of the Regulator-General should be widened to include 'engineering audits', or whether a new regulatory body should be established to supervise high risk activities in the oil and gas sector; (f) the measures that need to be taken to ensure that a disaster of this nature can never occur again; and (g) the Royal Commission be established as a public inquiry under the **Evidence Act 1958** with the power to subpoena documents and take evidence under oath and to report no later than the end of this year.

- *203. **MR LEIGH** – To move, That this House calls on the Victorian Administrative Committee of the Victorian Labor Party to oppose any attempt by the Federal Parliamentary Labor Party to impose Mrs Cheryl Kernot, a Queensland resident, on the people of Holt; and that this House expresses its extreme disappointment with the member for Holt for his decision to resign as a Federal member following the people of Australia's decision to re-elect the Howard Government.
- *204. **MR BRUMBY** – To move, That this House extends its sincere condolences and deepest sympathy to the families, friends and workmates of those workers tragically killed and injured at the Longford gas explosion on Friday, September 25 1998 and further acknowledges and thanks workers at the Esso plant for their extraordinary efforts over the last week to restore the state's gas supply.
- *205. **MR BRUMBY** – To move, That this House condemns the Premier for not taking action to uphold the basic standards required by Parliament and the doctrine of Ministerial responsibility by failing to take action over the outrageous and improper conduct of the Minister for Police and Emergency Services who – (a) acted in contempt of the Parliament pursuant to section 9 of the **Members of Parliament (Register of Interests) Act 1978** (the Act) in that he has breached section 6(2)(a) and section 6(2)(b) of the Act; (b) failed to declare his interest in Harvest Grain Australia to the Department of State Development when it awarded a grant to that company; (c) failed to declare his interest in Harvest Grain Australia to the Victorian Cabinet in March 1998 when the Minister voted to approve an extension to the existing barley marketing arrangements for a further season through the Agriculture Acts (Amendment) Bill; (d) failed to declare his interest in Harvest Grain Australia Pty Ltd to the Victorian Parliament on 1 May 1998 when the Minister spoke in favour of extending the Australian Barley Board's single desk export marketing of grain, despite the calls by his competitors that competition should be widened; and (e) failed to declare his interest in Harvest Grain Australia Pty Ltd to the Victorian people when he publicly gave two pursuit of excellence awards to his own company on 29 May 1998; and calls on the Premier to immediately take action to stand down Minister McGrath so as to salvage any remnants of respect for the Victorian Parliament, the doctrine of Ministerial responsibility and basic Ministerial standards.
- *206. **MR JOHN** - To move, That this House congratulates the Government for establishing the Victorian Women's Council, thereby ensuring that Victorian women have a real voice in the policy development process.

- *207. **MR BRUMBY** – To move, That this House notes the legal advice from Mrs. Felicity Hampel Q.C. who after examining the conduct of Minister McGrath in accepting a grant from the Government of which he is a senior Minister, advised that: “Even assuming that such a provision [Section 55] should be interpreted narrowly, in my opinion it is likely in those circumstances that a court would hold that he has become concerned or interested in the receipt and application of the grant, or has become entitled to participate in the profit of the grant, or in a benefit arising from it”; and that therefore he is in breach of Section 55 of the Victorian Constitution and calls on the Premier to refer this serious matter pursuant to Section 300 of the **Constitution Act Amendment Act 1958**, to the Supreme Court – sitting as a Court of Disputed Returns – so that the blatant conflict of interest and breach of the Victorian constitution by Minister McGrath can be considered impartially and not by the Premier and the National Party.
- *208. **MR PERRIN** – To move, That this House congratulates the Government on its continuing success in bus industry reform, in particular the renegotiation of metropolitan route bus contracts which provide incentives to increase service and patronage whilst delivering significant cost efficiencies.
- *209. **MR BRUMBY** – To move, That this House notes the judgement by Justice Vincent of the Supreme Court in the decision of Ellis v Atkinson, when ruling on the application of s55 of the **Constitution Act 1975** found that the Supreme Court did not have the jurisdiction to determine whether the former Parliamentary Secretary for Local Government, the Honourable Bruce Atkinson, M.L.C. had breached section 55 of the Constitution, stated: “It is to put it mildly, unfortunate that the entitlement of a member of the legislature of this state to sit and vote on matters of great public importance cannot be determined through some independent and impartial process and may ultimately depend upon the balance of political power within the house itself”; and the response to the judgement of the Premier when he responded to a question whether he would take advice in relation to those comments when he stated: “I certainly will. He’s a judge that I have a high regard for”; and further noting the failure of the Premier to take action whatsoever, condemns the Premier for failing to act to provide for an independent determination of whether a Member is entitled to sit in the Victorian Parliament, and to continue to allow Ministers and backbenchers to openly and blatantly flout the Victorian Constitution.
- *210. **MR SMITH (Glen Waverley)** – To move, That this House applauds the Minister for Tertiary Education and Training for his pivotal role in the international marketing of Victorian education institutions overseas.
- *211. **MR HULLS** – To move, That this House immediately deals with the Minister for Police and Emergency Services, the Honourable Bill McGrath, M.P. for contempt of the Parliament pursuant to section 9 of the **Members of Parliament (Register of Interests) Act 1978** in that he has breached section 6(2)(a) of the said Act in that - (a) the Minister invested in Harvest Grain Australia at the latest in August 1996; and (b) he has failed to declare his interest in Harvest Grain Australia Pty Ltd by the final deadline of 30 August 1997 as required by section 6(2)(a) of the Act which states: “For the purposes of this Act an ordinary return shall be in the prescribed form and shall contain the following information - (a) Where the Member receives or is entitled to receive a financial benefit during any part of the return period – the income source of such financial benefit”; and in acting in the above manner, the Minister has acted in a way as to bring discredit upon the Parliament and failed to meet the most basic Ministerial standards.

- *213. **MR BRUMBY** – To move, That this House immediately deals with the Minister for Police and Emergency Services, the Honourable Bill McGrath, M.P. for contempt of the Parliament pursuant to section 9 of the **Members of Parliament (Register of Interests) Act 1978** (the Act) in that he has breached section 6(2)(i) of the said Act in that - (a) the Minister invested in Harvest Grain Australia at the latest in August 1996; and (b) the Minister's company Harvest Grain Australia received a Government grant in the 1996/97 financial year to assist the company; and (c) the Minister has failed to declare his interest in Harvest Grain Australia Pty Ltd by the final deadline of 30 August 1997 as required by section 6(2)(i) of the Act which states - "For the purposes of this Act an ordinary return shall be in the prescribed form and shall contain the following information: (i) Any other substantial interest whether of a pecuniary nature or not of the member's or of a member of his family of which the Member is aware and which the Member considers might appear to raise a material conflict between his private interest and his public duty as a Member"; and in acting in the above manner the Minister has acted in a way as to bring discredit upon the Parliament and failed to meet the most basic Ministerial standards.

- *215. **MR LONEY** – To move, That this House notes that in the 3 October 1998 Federal Election the people of Victoria overwhelmingly voted against the policies of John Howard and the Liberal Party giving them only 46% of votes and a minority of Victoria's Federal seats.
- *216. **MR ANDRIGHETTO** – To move, That this House commends the Minister for Police and Emergency Services and the Metropolitan Fire Brigade for instituting an Australian Teacher of Media (ATOM) Award for the design and preparation of the first Australian fire education CD entitled "Be Cool When its Hot".

- *218. **MR THWAITES** – To move, That this House condemns the Minister for Community Services for misleading the House over the payment of \$123,000 made to St. John of God Services Victoria for disability accommodation services and in particular for his attempts to cover up the real facts including his denial that the payment was made when it was in fact made, and accordingly, calls for a full probity investigation to investigate the tender process and whether it has been improperly influenced by a personal relationship between a Department of Human Services manager and a manager in St. John of God.
- *219. **MR RYAN** – To move, That this House congratulates the Minister for Police and Emergency Services for the magnificent manner in which he has discharged his Parliamentary duties and his Ministerial responsibilities.

- *220. **MR LONEY** – To move, That this House calls on the Premier to make a full Ministerial Statement on the explosions at the Esso plant at Longford, and the consequent loss of Victoria's gas supply, forthwith.

204. **MR BRUMBY** – To move, That this House condemns the Premier for not taking action to uphold the basic standards required by Parliament and the doctrine of Ministerial responsibility by failing to take action over the outrageous and improper conduct of the Minister for Police and Emergency Services who – (a) acted in contempt of the Parliament pursuant to section 9 of the **Members of Parliament (Register of Interests) Act 1978** (the Act) in that he has breached section 6(2)(a) and section 6(2)(b) of the Act; (b) failed to declare his interest in Harvest Grain Australia to the Department of State Development when it awarded a grant to that company; (c) failed to declare his interest in Harvest Grain Australia to the Victorian Cabinet in March 1998 when the Minister voted to approve an extension to the existing barley marketing arrangements for a further season through the Agriculture Acts (Amendment) Bill; (d) failed to declare his interest in Harvest Grain Australia Pty Ltd to the Victorian Parliament on 1 May 1998 when the Minister spoke in favour of extending the Australian Barley Board's single desk export marketing of grain, despite the calls by his competitors that competition should be widened; and (e) failed to declare his interest in Harvest Grain Australia Pty Ltd to the Victorian people when he publicly gave two pursuit of excellence awards to his own company on 29 May 1998; and calls on the Premier to immediately take action to stand down Minister McGrath so as to salvage any remnants of respect for the Victorian Parliament, the doctrine of Ministerial responsibility and basic Ministerial standards.
205. **MR JOHN** - To move, That this House congratulates the Government for establishing the Victorian Women's Council, thereby ensuring that Victorian women have a real voice in the policy development process.
206. **MR BRUMBY** – To move, That this House notes the legal advice from Mrs. Felicity Hampel Q.C. who after examining the conduct of Minister McGrath in accepting a grant from the Government of which he is a senior Minister, advised that: "Even assuming that such a provision [Section 55] should be interpreted narrowly, in my opinion it is likely in those circumstances that a court would hold that he has become concerned or interested in the receipt and application of the grant, or has become entitled to participate in the profit of the grant, or in a benefit arising from it"; and that therefore he is in breach of Section 55 of the Victorian Constitution and calls on the Premier to refer this serious matter pursuant to Section 300 of the **Constitution Act Amendment Act 1958**, to the Supreme Court – sitting as a Court of Disputed Returns – so that the blatant conflict of interest and breach of the Victorian Constitution by Minister McGrath can be considered impartially and not by the Premier and the National Party.

207. **MR PERRIN** – To move, That this House congratulates the Government on its continuing success in bus industry reform, in particular the renegotiation of metropolitan route bus contracts which provide incentives to increase service and patronage whilst delivering significant cost efficiencies.
208. **MR BRUMBY** – To move, That this House notes the judgement by Justice Vincent of the Supreme Court in the decision of *Ellis v Atkinson*, when ruling on the application of s55 of the **Constitution Act 1975** found that the Supreme Court did not have the jurisdiction to determine whether the former Parliamentary Secretary for Local Government, the Honourable Bruce Atkinson, M.L.C. had breached section 55 of the Constitution, stated: "It is to put it mildly, unfortunate that the entitlement of a member of the legislature of this state to sit and vote on matters of great public importance cannot be determined through some independent and impartial process and may ultimately depend upon the balance of political power within the house itself"; and the response to the judgement of the Premier when he responded to a question whether he would take advice in relation to those comments when he stated: "I certainly will. He's a judge that I have a high regard for"; and further noting the failure of the Premier to take action whatsoever, condemns the Premier for failing to act to provide for an independent determination of whether a Member is entitled to sit in the Victorian Parliament, and to continue to allow Ministers and backbenchers to openly and blatantly flout the Victorian Constitution.
209. **MR SMITH (Glen Waverley)** – To move, That this House applauds the Minister for Tertiary Education and Training for his pivotal role in the international marketing of Victorian education institutions overseas.
210. **MR HULLS** – To move, That this House immediately deals with the Minister for Police and Emergency Services, the Honourable Bill McGrath, M.P. for contempt of the Parliament pursuant to section 9 of the **Members of Parliament (Register of Interests) Act 1978** in that he has breached section 6(2)(a) of the said Act in that - (a) the Minister invested in Harvest Grain Australia at the latest in August 1996; and (b) he has failed to declare his interest in Harvest Grain Australia Pty Ltd by the final deadline of 30 August 1997 as required by section 6(2)(a) of the Act which states: "For the purposes of this Act an ordinary return shall be in the prescribed form and shall contain the following information - (a) Where the Member receives or is entitled to receive a financial benefit during any part of the return period – the income source of such financial benefit"; and in acting in the above manner, the Minister has acted in a way as to bring discredit upon the Parliament and failed to meet the most basic Ministerial standards.
211. **MR TREASURE** – To move, That this House commends the Government on the publication of its Biodiversity Strategy for Victoria and its leadership in environmental management to protect and sustain the State's biodiversity.
212. **MR BRUMBY** – To move, That this House immediately deals with the Minister for Police and Emergency Services, the Honourable Bill McGrath, M.P. for contempt of the Parliament pursuant to section 9 of the **Members of Parliament (Register of Interests) Act 1978** (the Act) in that he has breached section 6(2)(i) of the said Act in that - (a) the Minister invested in Harvest Grain Australia at the latest in August 1996; and (b) the Minister's company Harvest Grain Australia received a Government grant in the 1996/97 financial year to assist the company; and (c) the Minister has failed to declare his interest in Harvest Grain Australia Pty Ltd by the final deadline of 30 August 1997 as required by section 6(2)(i) of the Act which states - "For the purposes of this Act an ordinary return shall be in the prescribed form and shall contain the following information: (i) Any other substantial interest whether of a pecuniary nature or not of

the Member's or of a member of his family of which the Member is aware and which the Member considers might appear to raise a material conflict between his private interest and his public duty as a Member"; and in acting in the above manner the Minister has acted in a way as to bring discredit upon the Parliament and failed to meet the most basic Ministerial standards.

217. **MR THWAITES** – To move, That this House condemns the Minister for Community Services for misleading the House over the payment of \$123,000 made to St. John of God Services Victoria for disability accommodation services and in particular for his attempts to cover up the real facts including his denial that the payment was made when it was in fact made, and accordingly, calls for a full probity investigation to investigate the tender process and whether it has been improperly influenced by a personal relationship between a Department of Human Services manager and a manager in St. John of God.
218. **MR RYAN** – To move, That this House congratulates the Minister for Police and Emergency Services for the magnificent manner in which he has discharged his Parliamentary duties and his Ministerial responsibilities.

He’s a judge that I have a high regard for”; and further noting the failure of the Premier to take action whatsoever, condemns the Premier for failing to act to provide for an independent determination of whether a Member is entitled to sit in the Victorian Parliament, and to continue to allow Ministers and backbenchers to openly and blatantly flout the Victorian Constitution.

He’s a judge that I have a high regard for”; and further noting the failure of the Premier to take action whatsoever, condemns the Premier for failing to act to provide for an independent determination of whether a Member is entitled to sit in the Victorian Parliament, and to continue to allow Ministers and backbenchers to openly and blatantly flout the Victorian Constitution.

194. **MR ROBINSON** – To move, That this House condemns the Minister for Education for his refusal to permit an independent review of the decision of the school council of Forest Hill Secondary College to close its Blackburn South Campus at the end of 1998; and notes – (a) that the Member for Waverley Province, the Honourable A. R. Brideson, MLC, told a public meeting earlier this year he was appalled by the consultation process of the school; (b) that the Member for Waverley Province proposed to the public meeting that an independent review of the decision be conducted by the Minister; (c) that the Member for Waverley Province also proposed to the public meeting that he and the Member for Bennettswood lead a deputation of parents and students to the Minister prior to a review being concluded; and (d) that no independent review was conducted by the Minister whose action in endorsing the original decision of the school council has placed the Member for Waverley Province in an intolerable position with regard to his constituents.
195. **MRS SHARDEY** – To move, That this House commends the Government and the Minister for Education for providing students with the latest testing procedures and parents with the most comprehensive reporting mechanisms available.

198. **MR MILDENHALL** – To move, That this House condemns the Minister for Education for his attack on schools which have incensed school councils through his claim that Victorian Government Schools are awash with money when the Productivity Commission, Grants Commission and the Ministerial Council of Education Ministers all show Victorian schools are the lowest funded of any state.
199. **MR FINN** – To move, That this House congratulates the Government on the integrity of the process associated with the Docklands development.
200. **MR LEIGH** – To move, That this House expresses its extreme disappointment with the decision by the Federal Member for Holt for treating the voters of Australia with such petulance and arrogance by stating that he is resigning from Federal Parliament following the failure of the Federal Australian Labor Party to win Government.
201. **MR BRUMBY** – To move, That this House, noting the tragic loss of life and massive economic dislocation to Victoria and other States as a result of the Esso Longford gas explosion on Friday, 25 September 1998, calls for the immediate establishment of a Royal Commission to inquire into the cause of the disaster and all other related matters, including – (a) the adequacy of the plant maintenance and inspection regimes undertaken by Esso; (b) the effectiveness of the oversight by the Victorian WorkCover Authority in relation to administering its responsibilities under the **Occupational Health and Safety Act 1985** and the **Dangerous Goods Act 1985**; (c) the extent to which the introduction of self regulation of Occupational Health and Safety increased the risk of such an incident; (d) the extent to which specialist knowledge within Government regulatory authorities has been lost as a result of the disaggregation of the Gas and Fuel Corporation; (e) whether the powers of the Office of the Regulator-General should be widened to include 'engineering audits', or whether a new regulatory body should be established to supervise high risk activities in the oil and gas sector; (f) the measures that need to be taken to ensure that a disaster of this nature can never occur again; and (g) the Royal Commission be established as a public inquiry under the **Evidence Act 1958** with the power to subpoena documents and take evidence under oath and to report no later than the end of this year.
202. **MR LEIGH** – To move, That this House calls on the Victorian Administrative Committee of the Victorian Labor Party to oppose any attempt by the Federal Parliamentary Labor Party to impose Mrs Cheryl Kernot, a Queensland resident, on the people of Holt; and that this House expresses its extreme disappointment with the member for Holt for his decision to resign as a Federal member following the people of Australia's decision to re-elect the Howard Government.
203. **MR BRUMBY** – To move, That this House extends its sincere condolences and deepest sympathy to the families, friends and workmates of those workers tragically killed and injured at the Longford gas explosion on Friday, September 25 1998 and further acknowledges and thanks workers at the Esso plant for their extraordinary efforts over the last week to restore the state's gas supply.

204. **MR BRUMBY** – To move, That this House condemns the Premier for not taking action to uphold the basic standards required by Parliament and the doctrine of Ministerial responsibility by failing to take action over the outrageous and improper conduct of the Minister for Police and Emergency Services who – (a) acted in contempt of the Parliament pursuant to section 9 of the **Members of Parliament (Register of Interests) Act 1978** (the Act) in that he has breached section 6(2)(a) and section 6(2)(b) of the Act; (b) failed to declare his interest in Harvest Grain Australia to the Department of State Development when it awarded a grant to that company; (c) failed to declare his interest in Harvest Grain Australia to the Victorian Cabinet in March 1998 when the Minister voted to approve an extension to the existing barley marketing arrangements for a further season through the Agriculture Acts (Amendment) Bill; (d) failed to declare his interest in Harvest Grain Australia Pty Ltd to the Victorian Parliament on 1 May 1998 when the Minister spoke in favour of extending the Australian Barley Board's single desk export marketing of grain, despite the calls by his competitors that competition should be widened; and (e) failed to declare his interest in Harvest Grain Australia Pty Ltd to the Victorian people when he publicly gave two pursuit of excellence awards to his own company on 29 May 1998; and calls on the Premier to immediately take action to stand down Minister McGrath so as to salvage any remnants of respect for the Victorian Parliament, the doctrine of Ministerial responsibility and basic Ministerial standards.
205. **MR JOHN** – To move, That this House congratulates the Government for establishing the Victorian Women's Council, thereby ensuring that Victorian women have a real voice in the policy development process.
206. **MR BRUMBY** – To move, That this House notes the legal advice from Mrs. Felicity Hampel Q.C. who after examining the conduct of Minister McGrath in accepting a grant from the Government of which he is a senior Minister, advised that: "Even assuming that such a provision [Section 55] should be interpreted narrowly, in my opinion it is likely in those circumstances that a court would hold that he has become concerned or interested in the receipt and application of the grant, or has become entitled to participate in the profit of the grant, or in a benefit arising from it"; and that therefore he is in breach of Section 55 of the Victorian Constitution and calls on the Premier to refer this serious matter pursuant to Section 300 of the **Constitution Act Amendment Act 1958**, to the Supreme Court – sitting as a Court of Disputed Returns – so that the blatant conflict of interest and breach of the Victorian Constitution by Minister McGrath can be considered impartially and not by the Premier and the National Party.
207. **MR PERRIN** – To move, That this House congratulates the Government on its continuing success in bus industry reform, in particular the renegotiation of metropolitan route bus contracts which provide incentives to increase service and patronage whilst delivering significant cost efficiencies.

208. **MR BRUMBY** – To move, That this House notes the judgement by Justice Vincent of the Supreme Court in the decision of *Ellis v Atkinson*, when ruling on the application of s55 of the **Constitution Act 1975** found that the Supreme Court did not have the jurisdiction to determine whether the former Parliamentary Secretary for Local Government, the Honourable Bruce Atkinson, M.L.C. had breached section 55 of the Constitution, stated: “It is to put it mildly, unfortunate that the entitlement of a member of the legislature of this state to sit and vote on matters of great public importance cannot be determined through some independent and impartial process and may ultimately depend upon the balance of political power within the house itself”; and the response to the judgement of the Premier when he responded to a question whether he would take advice in relation to those comments when he stated: “I certainly will. He’s a judge that I have a high regard for”; and further noting the failure of the Premier to take action whatsoever, condemns the Premier for failing to act to provide for an independent determination of whether a Member is entitled to sit in the Victorian Parliament, and to continue to allow Ministers and backbenchers to openly and blatantly flout the Victorian Constitution.
209. **MR SMITH** (*Glen Waverley*) – To move, That this House applauds the Minister for Tertiary Education and Training for his pivotal role in the international marketing of Victorian education institutions overseas.
210. **MR HULLS** – To move, That this House immediately deals with the Minister for Police and Emergency Services, the Honourable Bill McGrath, M.P. for contempt of the Parliament pursuant to section 9 of the **Members of Parliament (Register of Interests) Act 1978** in that he has breached section 6(2)(a) of the said Act in that - (a) the Minister invested in Harvest Grain Australia at the latest in August 1996; and (b) he has failed to declare his interest in Harvest Grain Australia Pty Ltd by the final deadline of 30 August 1997 as required by section 6(2)(a) of the Act which states: “For the purposes of this Act an ordinary return shall be in the prescribed form and shall contain the following information - (a) Where the Member receives or is entitled to receive a financial benefit during any part of the return period – the income source of such financial benefit”; and in acting in the above manner, the Minister has acted in a way as to bring discredit upon the Parliament and failed to meet the most basic Ministerial standards.

212. **MR BRUMBY** – To move, That this House immediately deals with the Minister for Police and Emergency Services, the Honourable Bill McGrath, M.P. for contempt of the Parliament pursuant to section 9 of the **Members of Parliament (Register of Interests) Act 1978** (the Act) in that he has breached section 6(2)(i) of the said Act in that - (a) the Minister invested in Harvest Grain Australia at the latest in August 1996; and (b) the Minister’s company Harvest Grain Australia received a Government grant in the 1996/97 financial year to assist the company; and (c) the Minister has failed to declare his interest in Harvest Grain Australia Pty Ltd by the final deadline of 30 August 1997 as required by section 6(2)(i) of the Act which states - “For the purposes of this Act an ordinary return shall be in the prescribed form and shall contain the following information: (i) Any other substantial interest whether of a pecuniary nature or not of the Member’s or of a member of his family of which the Member is aware and which the Member considers might appear to raise a material conflict between his private interest and his public duty as a Member”; and in acting in the above manner the Minister has acted in a way as to bring discredit upon the Parliament and failed to meet the most basic Ministerial standards.

221. **MR ROBINSON** – To move, That this House condemns the Minister for Transport for his bungling of the automatic ticket machine introduction and notes that - (a) since the introduction of the machines, almost 7,000 refunds have been paid out to commuters as a consequence of malfunctioning machines; (b) the value of these refunds has amounted to approximately \$45,000; (c) the average value of each claim is approximately \$6.20; and (d) the above figures are indicative of massive frustration being imposed on commuters, and calls on the Minister to make a full explanation to the House of the reasons for the failings of the automatic ticketing system.

206. **MR BRUMBY** – To move, That this House notes the legal advice from Mrs. Felicity Hampel Q.C. who after examining the conduct of Minister McGrath in accepting a grant from the Government of which he is a senior Minister, advised that: "Even assuming that such a provision [Section 55] should be interpreted narrowly, in my opinion it is likely in those circumstances that a court would hold that he has become concerned or interested in the receipt and application of the grant, or has become entitled to participate in the profit of the grant, or in a benefit arising from it"; and that therefore he is in breach of Section 55 of the Victorian Constitution and calls on the Premier to refer this serious matter pursuant to Section 300 of the **Constitution Act Amendment Act 1958**, to the Supreme Court – sitting as a Court of Disputed Returns – so that the blatant conflict of interest and breach of the Victorian Constitution by Minister McGrath can be considered impartially and not by the Premier and the National Party.

207. **MR PERRIN** – To move, That this House congratulates the Government on its continuing success in bus industry reform, in particular the renegotiation of metropolitan route bus contracts which provide incentives to increase service and patronage whilst delivering significant cost efficiencies.
208. **MR BRUMBY** – To move, That this House notes the judgement by Justice Vincent of the Supreme Court in the decision of *Ellis v Atkinson*, when ruling on the application of s55 of the **Constitution Act 1975** found that the Supreme Court did not have the jurisdiction to determine whether the former Parliamentary Secretary for Local Government, the Honourable Bruce Atkinson, M.L.C. had breached section 55 of the Constitution, stated: “It is to put it mildly, unfortunate that the entitlement of a member of the legislature of this state to sit and vote on matters of great public importance cannot be determined through some independent and impartial process and may ultimately depend upon the balance of political power within the house itself”; and the response to the judgement of the Premier when he responded to a question whether he would take advice in relation to those comments when he stated: “I certainly will. He’s a judge that I have a high regard for”; and further noting the failure of the Premier to take action whatsoever, condemns the Premier for failing to act to provide for an independent determination of whether a Member is entitled to sit in the Victorian Parliament, and to continue to allow Ministers and backbenchers to openly and blatantly flout the Victorian Constitution.
209. **MR SMITH** (*Glen Waverley*) – To move, That this House applauds the Minister for Tertiary Education and Training for his pivotal role in the international marketing of Victorian education institutions overseas.
210. **MR HULLS** – To move, That this House immediately deals with the Minister for Police and Emergency Services, the Honourable Bill McGrath, M.P. for contempt of the Parliament pursuant to section 9 of the **Members of Parliament (Register of Interests) Act 1978** in that he has breached section 6(2)(a) of the said Act in that - (a) the Minister invested in Harvest Grain Australia at the latest in August 1996; and (b) he has failed to declare his interest in Harvest Grain Australia Pty Ltd by the final deadline of 30 August 1997 as required by section 6(2)(a) of the Act which states: “For the purposes of this Act an ordinary return shall be in the prescribed form and shall contain the following information - (a) Where the Member receives or is entitled to receive a financial benefit during any part of the return period – the income source of such financial benefit”; and in acting in the above manner, the Minister has acted in a way as to bring discredit upon the Parliament and failed to meet the most basic Ministerial standards.

212. **MR BRUMBY** – To move, That this House immediately deals with the Minister for Police and Emergency Services, the Honourable Bill McGrath, M.P. for contempt of the Parliament pursuant to section 9 of the **Members of Parliament (Register of Interests) Act 1978** (the Act) in that he has breached section 6(2)(i) of the said Act in that - (a) the Minister invested in Harvest Grain Australia at the latest in August 1996; and (b) the Minister’s company Harvest Grain Australia received a Government grant in the 1996/97 financial year to assist the company; and (c) the Minister has failed to declare his interest in Harvest Grain Australia Pty Ltd by the final deadline of 30 August 1997 as required by section 6(2)(i) of the Act which states - “For the purposes of this Act an ordinary return shall be in the prescribed form and shall contain the following information: (i) Any other substantial interest whether of a pecuniary nature or not of

the Member's or of a member of his family of which the Member is aware and which the Member considers might appear to raise a material conflict between his private interest and his public duty as a Member"; and in acting in the above manner the Minister has acted in a way as to bring discredit upon the Parliament and failed to meet the most basic Ministerial standards.

221. **MR ROBINSON** – To move, That this House condemns the Minister for Transport for his bungling of the automatic ticket machine introduction and notes that - (a) since the introduction of the machines, almost 7,000 refunds have been paid out to commuters as a consequence of malfunctioning machines; (b) the value of these refunds has amounted to approximately \$45,000; (c) the average value of each claim is approximately \$6.20; and (d) the above figures are indicative of massive frustration being imposed on commuters,

and calls on the Minister to make a full explanation to the House of the reasons for the failings of the automatic ticketing system.

He's a judge that I have a high regard for"; and further noting the failure of the Premier to take action whatsoever, condemns the Premier for failing to act to provide for an independent determination of whether a Member is entitled to sit in the Victorian Parliament, and to continue to allow Ministers and backbenchers to openly and blatantly flout the Victorian Constitution.

203. **MR BRUMBY** – To move, That this House condemns the Premier for not taking action to uphold the basic standards required by Parliament and the doctrine of Ministerial responsibility by failing to take action over the outrageous and improper conduct of the Minister for Police and Emergency Services who – (a) acted in contempt of the Parliament pursuant to section 9 of the **Members of Parliament (Register of Interests) Act 1978** (the Act) in that he has breached section 6(2)(a) and section 6(2)(b) of the Act; (b) failed to declare his interest in Harvest Grain Australia to the Department of State Development when it awarded a grant to that company; (c) failed to declare his interest in Harvest Grain Australia to the Victorian Cabinet in March 1998 when the Minister voted to approve an extension to the existing barley marketing arrangements for a further season through the Agriculture Acts (Amendment) Bill; (d) failed to declare his interest in Harvest Grain Australia Pty Ltd to the Victorian Parliament on 1 May 1998 when the Minister spoke in favour of extending the Australian Barley Board's single desk export marketing of grain, despite the calls by his competitors that competition should be widened; and (e) failed to declare his interest in Harvest Grain Australia Pty Ltd to the Victorian people when he publicly gave two pursuit of excellence awards to his own company on 29 May 1998; and calls on the Premier to immediately take action to stand down Minister McGrath so as to salvage any remnants of respect for the Victorian Parliament, the doctrine of Ministerial responsibility and basic Ministerial standards.

205. **MR BRUMBY** – To move, That this House notes the legal advice from Mrs. Felicity Hampel Q.C. who after examining the conduct of Minister McGrath in accepting a grant from the Government of which he is a senior Minister, advised that: "Even assuming that such a provision [Section 55] should be interpreted narrowly, in my opinion it is likely in those circumstances that a court would hold that he has become concerned or interested in the receipt and application of the grant, or has become entitled to participate in the profit of the grant, or in a benefit arising from it"; and that therefore he is in breach of Section 55 of the Victorian Constitution and calls on the Premier to refer this serious matter pursuant to Section 300 of the **Constitution Act Amendment Act 1958**, to the Supreme Court – sitting as a Court of Disputed Returns – so that the blatant conflict of interest and breach of the Victorian Constitution by Minister McGrath can be considered impartially and not by the Premier and the National Party.

to those comments when he stated: "I certainly will. He's a judge that I have a high regard for"; and further noting the failure of the Premier to take action whatsoever, condemns the Premier for failing to act to provide for an independent determination of whether a Member is entitled to sit in the Victorian Parliament, and to continue to allow Ministers and backbenchers to openly and blatantly flout the Victorian Constitution.

He's a judge that I have a high regard for"; and further noting the failure of the Premier to take action whatsoever, condemns the Premier for failing to act to provide for an independent determination of

He’s a judge that I have a high regard for”; and further noting the failure of the Premier to take action whatsoever, condemns the Premier for failing to act to provide for an independent determination of whether a Member is entitled to sit in the Victorian Parliament, and to continue to allow Ministers and backbenchers to openly and blatantly flout the Victorian Constitution.

He's a judge that I have a high regard for"; and further noting the failure of the Premier to take action whatsoever, condemns the Premier for failing to act to provide for an independent determination of whether a Member is entitled to sit in the Victorian Parliament, and to continue to allow Ministers and backbenchers to openly and blatantly flout the Victorian Constitution.
