# LEGISLATIVE ASSEMBLY.

## Notices of Motion and Orders of the Day.

WEDNESDAY, 30TH JUNE 1875.

1. **MR. WITT:** To ask the Honorable the Solicitor-General when he will proclaim Shepparton a place at which a Court of Petty Sessions may be held; also, when he will appoint Justices of the Peace for that district.
2. **MR. WOODS:** To ask the Honorable the Premier if he will take steps to ascertain the cost of applying the boarding-out system to inmates of benevolent asylums, and harmless lunatics, as compared with the present method of herding them together in large buildings.
3. **MAJOR W. C. SMITH:** To call the attention of the Government to the unsatisfactory administration of the Education Act; and to ask the Honorable the Minister of Public Instruction what steps he intends to take to enforce the provisions of this Act.
4. **MR. HIGINBOTHAM:** To call the attention of Her Majesty's Government to the published report of a discussion in the House of Lords, on the 16th April last, relative to the exercise of the Royal prerogative of pardon in English colonies having responsible Government, and to the terms of a Circular Despatch, dated November 9th, 1874, connected with the same subject, a copy of which has recently been laid on the Table; and to ask the Honorable the Premier and Attorney-General—
  - (1.) Whether the statement be correct which is reported to have been made by the Earl of Carnarvon, in the House of Lords, to the effect that, in Victoria, as well as in New South Wales and New Zealand, the practice is that the prerogative is exercised out of Council; after the opinions of the Ministers of the Crown have been heard, by the Governor himself—judging for himself upon his own independent judgment, and subject to liability to be punished by the Imperial authorities for an improper decision; and, if such be the practice, how long has that practice existed, and to what extent has it prevailed.
  - (2.) Whether Her Majesty's Ministers for Victoria approve and are prepared to allow effect to be given in Victoria to the following views upon this question, prescribed by the Earl of Carnarvon, and concurred in by two ex-Secretaries of State for the Colonies—Earl Granville and Earl Kimberley:—

“The Ministry in a colony cannot be looked upon as occupying the same position in regard to the Queen's prerogative of pardon, as the Home Secretary in this country (England); and the Governor, like the Home Secretary, is personally selected by the Sovereign as the depository of this prerogative, which is not alienated from the Crown by any general delegation, but only conferred as a matter of high trust to those individuals whom the Crown commissions for the purpose.”
  - (3.) Whether the honorable and learned the Attorney-General has any objection to inform the House if Her Majesty's Government intend to endeavour to procure the repeal of the provisions of the section of the Act of Parliament corresponding with those of 11 Vict. No. 34, s. 4, as requested by the Secretary of State for the Colonies.
5. **MR. LOCK:** To call the attention of the Honorable the Minister of Public Instruction to the memorandum read by him in reply to the question put on the 15th June, relating to the condition of the Snake Valley, Carngham, State school; and to ask whether he has received the report of the inspector referred to in that memo., or any communication from the Board of Advice, confirming the representation made as to the disrepair of the present school buildings, and the undesirability of enforcing the compulsory clauses until a suitable structure is erected.
6. **MR. G. PATON SMITH:** To call the attention of the Honorable the Attorney-General to the case of a person named Sullivan, incarcerated under the Influx of Criminals Prevention Act; and to ask what the Government intend doing with him.
7. **MR. HIGINBOTHAM:** To call the attention of the Honorable the Minister of Lands to the telegrams reported to have been received by the Government announcing the decisions of the Judicial Committee of the Privy Council in the cases of *Winter v. the Queen*, *McMillan v. the Queen*, *Ettershank v. the Queen*, and *Glass v. the Queen*; and to ask if Her Majesty's Government will postpone the tender of advice to the representative of the Crown on the subject of the issue of the Crown grants in all of those cases until the report of the judgments delivered by the Court of Appeal shall have been received, and until the Legislative Assembly shall have had further time sufficient to enable it to express an opinion whether the Crown grants should be issued at all in any of those cases, or if issued, upon what terms they should be issued.
8. **MR. G. PATON SMITH:** To ask the Honorable the Attorney-General if he will inform the House of the grounds of appeal in the cases of *Winter*, *Ettershank*, and *Glass* to the Privy Council, and the legal effect of the decisions as far as can be ascertained.
9. **MR. MCKEAN:** To call the attention of the Honorable the Premier to the Act 56 Geo. III., chap. 58, which imposes a penalty of £200 on any brewer, dealer, or retailer of beer who shall receive or have in his possession, or use, or mix with or put into any worts or beer, any molasses, honey, liquorice, vitriol, quassia, cocculus indicus, grains of paradise, guinea pepper, or opium, or any extract or preparation of these substances, for or as a substitute for malt or hops, and a further penalty of £500 on any druggist or vendor of or dealer in drugs, or chemist, or other person whatever, who shall send or deliver to any licensed brewer, &c., any of the above materials; and ask him if he will enforce the provisions of the Act; and to further call his attention to the recent legal proceedings, showing that certain brewers hold a large number of public-houses, or possess a beneficial interest therein; and ask him whether the Government will, in the new Licensing Bill, introduce a clause rendering such beneficial interest illegal.

10. MR. G. PATON SMITH : To ask the Honorable the Attorney-General whether Mr. John Dennistoun Wood holds a general retainer in England from the Government of Victoria, and if he was instructed for the Crown in the case of Mount and Morris; and in the cases recently heard before the Privy Council.
11. MR. MCKEAN : To ask the Honorable the Solicitor-General if, having relation to the increase of population and business at Traralgon, North Gippsland, caused by the making of the Sale Railway, &c., he will be pleased to appoint a Court of Petty Sessions to be holden there.

## NOTICE OF MOTION:—

  - (1.) The territory of Victoria, as compared with the territory of New South Wales, of Queensland, of South Australia, or of Western Australia, is small and insignificant.
  - (2.) ## NOTICES OF MOTION:—

1. **MR. WOODS** : To move, That in the opinion of this House—
  - (1.) The territory of Victoria, as compared with the territory of New South Wales, of Queensland, of South Australia, or of Western Australia, is small and insignificant.

## Notices of Motion and Orders of the Day.

TUESDAY, 3RD AUGUST 1875.

1. **MR. LANGRIDGE**: To call the attention of the Honorable the Minister of Public Instruction to the injustice done to the Tenderers for School Buildings at Warrnambool under the following circumstances :—
  - (1.) Tenders were called by advertisement and opened, but were considered too high.
  - (2.) Tenders were again advertised for on the 25th May, and Messrs. Cockrane and Co.'s tender was accepted for £7,600 ; they forfeited their deposit, and declined to take up the contract.
  - (3.) The next lowest tenderer was written to, asking him to send in an amended tender, as some modification of the plans had been made, and requesting him to send in a schedule of the quantities priced out accompanying the tender. This was done ; and now he finds, from private information, that the tender of Messrs. Spence and Purdie has been privately accepted, although they did not tender on the two occasions when publicly advertised for ; and to ask the Honorable the Minister if he will cause an inquiry to be made into the particulars of this case.
2. **MR. PATTERSON**: To call the attention of the Honorable the Minister of Mines to the granting of certain land at Taradale to Messrs. GAUNSON : To move, *on an early day*, That, in the opinion of this House, the regulation of the 14th December 1874, prescribing a new form of lease under the 20th section of "*The Land Act 1869*" is illegal, and that such form cannot be lawfully imposed on those selectors who were entitled to their leases many months prior to such regulation.
3. MR. LEVIEN : To move, *on going into Committee of Supply*, That inasmuch as provision has not been made in the Local Government Act of 1874 to carry out the expressed will of Parliament in relation to subsidies to local bodies for 1874-5, this House deems it expedient to present a respectful address to His Excellency the Governor requesting him to place a sum of money upon an Additional Estimate for 1875-6 for so doing.

  - (1.) That the opinion of a Secretary of State for the Colonies as to the distribution of responsibility between the Representative of the Crown and Her Majesty's Ministers in a colony possessing responsible government, when the prerogative of pardon is exercised, has no legal authority ; and the expression of such opinion in an official despatch from the Secretary of State conveys an insult to the independence of the Representative of the Crown, and a menace to the system of self-government established by law in such colony.

That in the opinion of this House it is the imperative duty of Her Majesty's Ministers for Victoria to take immediate and effectual steps to guard the Queen's Representative in this colony from being made the recipient in future of illegal official communications from any Imperial servant of Her Majesty.
8. MR. LANGTON : To move, *as an amendment on the contingent motion of Mr. Higinbotham*, That in the opinion of this House, in a colony possessing responsible Government, proposals dealing with subjects of such gravity and importance as the relations of the Imperial and Colonial Governments, ought to be submitted for the consideration of the Legislature by a Minister of the Crown.

  - (2.) That in the opinion of this House it is the imperative duty of Her Majesty's Ministers for Victoria to take immediate and effectual steps to guard the Queen's Representative in this colony from being made the recipient in future of illegal official communications from any Imperial servant of Her Majesty.
8. MR. LANGTON : To move, *as an amendment on the contingent motion of Mr. Higinbotham*, That in the opinion of this House, in a colony possessing responsible Government, proposals dealing with subjects of such gravity and importance as the relations of the Imperial and Colonial Governments, ought to be submitted for the consideration of the Legislature by a Minister of the Crown.

  - (1.) That the opinion of a Secretary of State for the Colonies as to the distribution of responsibility between the Representative of the Crown and Her Majesty's Ministers in a colony possessing responsible government, when the prerogative of pardon is exercised, has no legal authority ; and the expression of such opinion in an official despatch from the Secretary of State conveys an insult to the independence of the Representative of the Crown, and a menace to the system of self-government established by law in such colony.
  - (2.) That in the opinion of this House it is the imperative duty of Her Majesty's Ministers for Victoria to take immediate and effectual steps to guard the Queen's Representative in this colony from being made the recipient in future of illegal official communications from any Imperial servant of Her Majesty.
8. MR. LANGTON : To move, *as an amendment on the contingent motion of Mr. Higinbotham*, That in the opinion of this House, in a colony possessing responsible Government, proposals dealing with subjects of such gravity and importance as the relations of the Imperial and Colonial Governments, ought to be submitted for the consideration of the Legislature by a Minister of the Crown.
9. MR. W. CLARKE : To move, *on going into Committee of Supply*, That in the opinion of this House the duty on candles and kerosene should be abolished.
10. MR. HIGINBOTHAM : To move, *on an early day, on the House going into Committee of Supply*, That, in the opinion of this House, it is the duty of the Responsible Minister of the Crown administering *The Land Act 1869* to abstain from advising the Representative of the Crown to execute or issue the Crown grant of any allotment of land in respect of which a penalty has been, in the opinion of such Minister, incurred by any person under the 126th section of *The Land Act 1862*, or the 7th section of *The Amending Land Act 1865*, unless and until the person applying for such grant shall have paid a penalty at the rate of Five shillings for every acre of such allotment. This resolution extends to all cases to which, in the opinion of the Responsible Minister, the provisions of the 98th section of *The Land Act 1869* shall apply, save and except the cases of *James Winter v. The Queen*, *William Irving Winter v. The Queen*, and *McMillan v. The Queen*, which have been recently decided by the Judicial Committee of the Privy Council on appeal from the Supreme Court of Victoria.

- (1.) That the opinion of a Secretary of State for the Colonies as to the distribution of responsibility between the Representative of the Crown and Her Majesty's Ministers in a colony possessing responsible government, when the prerogative of pardon is exercised, has no legal authority ; and the expression of such opinion in an official despatch from the Secretary of State conveys an insult to the independence of the Representative of the Crown, and a menace to the system of self-government established by law in such colony.
  - (2.) That in the opinion of this House it is the imperative duty of Her Majesty's Ministers for Victoria to take immediate and effectual steps to guard the Queen's Representative in this colony from being made the recipient in future of illegal official communications from any Imperial servant of Her Majesty.
8. MR. LANGTON : To move, *as an amendment on the contingent motion of Mr. Higinbotham*, That in the opinion of this House, in a colony possessing responsible Government, proposals dealing with subjects of such gravity and importance as the relations of the Imperial and Colonial Governments, ought to be submitted for the consideration of the Legislature by a Minister of the Crown.
9. MR. W. CLARKE : To move, *on going into Committee of Supply*, That in the opinion of this House the duty on candles and kerosene should be abolished.
10. MR. HIGINBOTHAM : To move, *on an early day, on the House going into Committee of Supply*, That, in the opinion of this House, it is the duty of the Responsible Minister of the Crown administering *The Land Act 1869* to abstain from advising the Representative of the Crown to execute or issue the Crown grant of any allotment of land in respect of which a penalty has been, in the opinion of such Minister, incurred by any person under the 126th section of *The Land Act 1862*, or the 7th section of *The Amending Land Act 1865*, unless and until the person applying for such grant shall have paid a penalty at the rate of Five shillings for every acre of such allotment. This resolution extends to all cases to which, in the opinion of the Responsible Minister, the provisions of the 98th section of *The Land Act 1869* shall apply, save and except the cases of *James Winter v. The Queen*, *William Irving Winter v. The Queen*, and *McMillan v. The Queen*, which have been recently decided by the Judicial Committee of the Privy Council on appeal from the Supreme Court of Victoria.

  - (1.) That the opinion of a Secretary of State for the Colonies as to the distribution of responsibility between the Representative of the Crown and Her Majesty's Ministers in a colony possessing responsible government, when the prerogative of pardon is exercised, has no legal authority ; and the expression of such opinion in an official despatch from the Secretary of State conveys an insult to the independence of the Representative of the Crown, and a menace to the system of self-government established by law in such colony.

8. MR. LANGTON : To move, *as an amendment on the contingent motion of Mr. Higinbotham*, That in the opinion of this House, in a colony possessing responsible Government, proposals dealing with subjects of such gravity and importance as the relations of the Imperial and Colonial Governments, ought to be submitted for the consideration of the Legislature by a Minister of the Crown.

This resolution extends to all cases to which, in the opinion of the Responsible Minister, the provisions of the 98th section of *The Land Act 1869* shall apply, save and except the cases of *James Winter v. The Queen*, *William Irving Winter v. The Queen*, and *McMillan v. The Queen*, which have been recently decided by the Judicial Committee of the Privy Council on appeal from the Supreme Court of Victoria.

- (1.) That the opinion of a Secretary of State for the Colonies as to the distribution of responsibility between the Representative of the Crown and Her Majesty's Ministers in a colony possessing responsible government, when the prerogative of pardon is exercised, has no legal authority; and the expression of such opinion in an official despatch from the Secretary of State conveys an insult to the independence of the Representative of the Crown, and a menace to the system of self-government established by law in such colony.

8. MR. This resolution extends to all cases to which, in the opinion of the Responsible Minister, the provisions of the 98th section of *The Land Act 1869* shall apply, save and except the cases of *James Winter v. 7. MR. HIGINBOTHAM : *On an early day*, on the motion—That the House resolve itself into Committee of Supply—To call the attention of the House to a paper made public in England, and also in some of the Australian colonies, purporting to be an official despatch from the Earl of Carnarvon, dated "*Downing street, May 4, 1875 ;*" and to move—
  - (1.) That the opinion of a Secretary of State for the Colonies as to the distribution of responsibility between the Representative of the Crown and Her Majesty's Ministers in a colony possessing responsible government, when the prerogative of pardon is exercised, has no legal authority ; and the expression of such opinion in an official despatch from the Secretary of State conveys an insult to the independence of the Representative of the Crown, and a menace to the system of self-government established by law in such colony.
  - (2.) That in the opinion of this House it is the imperative duty of Her Majesty's Ministers for Victoria to take immediate and effectual steps to guard the Queen's Representative in this colony from being made the recipient in future of illegal official communications from any Imperial servant of Her Majesty.
8. MR. LANGTON : To move, *as an amendment on the contingent motion of Mr. Higinbotham*, That in the opinion of this House, in a colony possessing responsible Government, proposals dealing with subjects of such gravity and importance as the relations of the Imperial and Colonial Governments, ought to be submitted for the consideration of the Legislature by a Minister of the Crown.
9. MR. HIGINBOTHAM : To move, *on an early day, on the House going into Committee of Supply*, That, in the opinion of this House, it is the duty of the Responsible Minister of the Crown administering *The Land Act 1869* to abstain from advising the Representative of the Crown to execute or issue the Crown grant of any allotment of land in respect of which a penalty has been, in the opinion of such Minister, incurred by any person under the 126th section of *The Land Act 1862*, or the 7th section of *The Amending Land Act 1865*, unless and until the person applying for such grant shall have paid a penalty at the rate of Five shillings for every acre of such allotment. This resolution extends to all cases to which, in the opinion of the Responsible Minister, the provisions of the 98th section of *The Land Act 1869* shall apply, save and except the cases of *James Winter v. The Queen*, *William Irving Winter v. The Queen*, and *McMillan v. The Queen*, which have been recently decided by the Judicial Committee of the Privy Council on appeal from the Supreme Court of Victoria.
10. MR. CAMPBELL : To move, *on going into Committee of Supply*—
  - (1.) That in the opinion of this House steps should be taken by the Government to ascertain what roads are not required for public use, and proprietors of adjoining lands, who have been in occupation of such roads, should be required to pay the appraised value of such roads.
  - (2.) That the State should reserve to itself full power to resume the property in such roads at any time on repayment of the price so paid for such roads to the purchasers thereof.

11. MR. CAMPBELL : To move, *on an early day*, That this House is of opinion that in the preparation of a measure of Constitutional Reform it is desirable that provision should be made for regulating majorities, so that if an absolute majority of three-fifths of either House shall pass a Bill it shall require three-fifths of the other House to negative it.

  - (1.) That the opinion of a Secretary of State for the Colonies as to the distribution of responsibility between the Representative of the Crown and Her Majesty's Ministers in a colony possessing responsible government, when the prerogative of pardon is exercised, has no legal authority ; and the expression of such opinion in an official despatch from the Secretary of State conveys an insult to the independence of the Representative of the Crown, and a menace to the system of self-government established by law in such colony.

8. MR. LANGTON : To move, *as an amendment on the contingent motion of Mr. Higinbotham*, That in the opinion of this House, in a colony possessing responsible Government, proposals dealing with subjects of such gravity and importance as the relations of the Imperial and Colonial Governments, ought to be submitted for the consideration of the Legislature by a Minister of the Crown.
9. MR. HIGINBOTHAM : To move, *on an early day, on the House going into Committee of Supply*, That, in the opinion of this House, it is the duty of the Responsible Minister of the Crown administering *The Land Act 1869* to abstain from advising the Representative of the Crown to execute or issue the Crown grant of any allotment of land in respect of which a penalty has been, in the opinion of such Minister, incurred by any person under the 126th section of *The Land Act 1862*, or the 7th section of *The Amending Land Act 1865*, unless and until the person applying for such grant shall have paid a penalty at the rate of Five shillings for every acre of such allotment. This resolution extends to all cases to which, in the opinion of the Responsible Minister, the provisions of the 98th section of *The Land Act 1869* shall apply, save and except the cases of *James Winter v. The Queen*, *William Irving Winter v. The Queen*, and *McMillan v. The Queen*, which have been recently decided by the Judicial Committee of the Privy Council on appeal from the Supreme Court of Victoria.
10. MR. CAMPBELL : To move, *on going into Committee of Supply*—
  - (1.) That in the opinion of this House steps should be taken by the Government to ascertain what roads are not required for public use, and proprietors of adjoining lands, who have been in occupation of such roads, should be required to pay the appraised value of such roads.
  - (2.) That the State should reserve to itself full power to resume the property in such roads at any time on repayment of the price so paid for such roads to the purchasers thereof.
11. MR. CAMPBELL : To move, *on an early day*, That this House is of opinion that in the preparation of a measure of Constitutional Reform it is desirable that provision should be made for regulating majorities, so that if an absolute majority of three-fifths of either House shall pass a Bill it shall require three-fifths of the other House to negative it.
