**NOTICES OF MOTION****GENERAL BUSINESS**

- 1 **MR McNAMARA**—To move, That this House, recognising that rural Victorians are the most socially, economically and culturally deprived of all citizens in the State, calls on the Government to implement policies which recognise the importance of rural industries in the economic and social framework of the State, and in particular to—(a) reduce the incidence of State taxation on rural enterprises; (b) implement a positive decentralisation policy to reduce the excessive demands on services in the metropolitan area; and (c) provide health and education services accessible to all Victorian citizens.
- 2 **MR HARROWFIELD**—To move, That this House commends the State Government's long term economic strategy which has enabled Victoria to sustain the lowest unemployment rate for a record period and endorses the Government's economic targets for the decade ending 1992–93.
- 3 **MR KENNETT**—To move, That this House calls on the Premier to put his family pledge into a legislative form and so honour the commitments he made during the 1988 election campaign, namely, that for the typical Victorian family, the payment of the Education Expense Allowance and the abolition of motor registration fees, together with the commitment to hold down the cost of basic household budget items such as gas, electricity, MMBW water and sewerage rates, third party insurance, drivers' licences and transport fares, means that for the next four years, the typical Victorian family will not pay a dollar more in total than was paid for these items as at 20 September 1988.
- 4 **MR JASPER**—To move, That this House condemns the Minister for Community Services for not correcting the huge variation in fuel prices which seriously disadvantages country Victorians.
- 5 **MRS RAY**—To move, That this House congratulates the Government for the Choice and Opportunity Plan to meet the needs of women who want to return to work and study, by making it possible to consider work or study options, enabling an informed choice to be made, assisting women to learn the necessary skills and to find a job which is convenient and satisfying.

- 9 **MR McGRATH** (*Warrnambool*)—To move, That this House deplores the reduced priority given to road funding by both the Commonwealth and Victorian Governments, and calls for a fairer distribution of the vast sums raised from motorists to address the serious decline in the standard and effectiveness of the Victorian road network in general, and the local roads category in particular.
- 10 **MR ANDRIANOPOULOS**—To move, That this House congratulates the Government on its achievement in doubling the area protected in national parks over the past six years and is pleased to note that with further expansion of parks, the Government will have achieved its aim of establishing a world class parks system in which Victoria's ecosystems are adequately represented and protected.

## GENERAL BUSINESS

### NOTICES OF MOTION

- 1 **MR KENNETT** - To move, That this House calls on the Premier to put his family pledge into a legislative form and so honour the commitments he made during the 1988 election campaign, namely, that for the typical Victorian family, the payment of the Education Expense Allowance and the abolition of motor registration fees, together with the commitment to hold down the cost of basic household budget items such as gas, electricity, MMBW water and sewerage rates, third party insurance, drivers' licences and transport fares, means that for the next four years, the typical Victorian family will not pay a dollar more in total than was paid for these items as at 20 September 1988.

- 20 **MR JOHN** - To move, That this House condemns the Minister for Planning and Environment for failing to ensure that there is an adequate supply of land suitable for residential development with the result that the cost of residential land for first home buyers and families has increased to a point where many cannot afford to buy or build their own home.
- 21 **MR GUDE** - To move, That this House condemns the Government for its action in pricing sporting and recreational organisations off Crown land and calls on the Government to rectify hardships already caused by its short-sighted policies.

(*Mr Mathews*).
- 3 **RURAL POLICIES** - *Resumption of debate on the question* - That this House, recognising that rural Victorians are the most socially, economically and culturally deprived of all citizens in the State, calls on the Government to implement policies which recognise the importance of rural industries in the economic and social framework of the State, and in particular to - (a) reduce the incidence of State taxation on rural enterprises; (b) implement a positive decentralisation policy to reduce the excessive demands on services in the metropolitan area; and (c) provide health and education services accessible to all Victorian citizens. - 2 WARSHIP VISITS TO PORT OF MELBOURNE - *Resumption of debate on the question* - That this House endorses the commitment of the Federal Government to permit warships of friendly nations to berth, and, if necessary, undertake basic repairs in the Port of Melbourne or other suitable Victorian ports, as part of Australia's obligations under treaty relationships. *(Mr Mathews).*
- 3 RURAL POLICIES - *Resumption of debate on the question* - That this House, recognising that rural Victorians are the most socially, economically and culturally deprived of all citizens in the State, calls on the Government to implement policies which recognise the importance of rural industries in the economic and social framework of the State, and in particular to - (a) reduce the incidence of State taxation on rural enterprises; (b) implement a positive decentralisation policy to reduce the excessive demands on services in the metropolitan area; and (c) provide health and education services accessible to all Victorian citizens. *(Mr Evans).*

(*Mr Mathews*).
- 3 **RURAL POLICIES -** *Resumption of debate on the question* - That this House, recognising that rural Victorians are the most socially, economically and culturally deprived of all citizens in the State, calls on the Government to implement policies which recognise the importance of rural industries in the economic and social framework of the State, and in particular to - (a) reduce the incidence of State taxation on rural enterprises; (b) implement a positive decentralisation policy to reduce the excessive demands on services in the metropolitan area; and (c) provide health and education services accessible to all Victorian citizens. (*Mr Gude*).

- 7 **GOVERNMENT FAMILY PLEDGE** - *Resumption of debate on the question* - That this House calls on the Premier to put his family pledge into a legislative form and so honour the commitments he made during the 1988 election campaign, namely, that for the typical Victorian family, the payment of the Education Expense Allowance and the abolition of motor registration fees, together with the commitment to hold down the cost of basic household budget items such as gas, electricity, MMBW water and sewerage rates, third party insurance, drivers' licences and transport fares, means that for the next four years, the typical Victorian family will not pay a dollar more in total than was paid for these items as at 20 September 1988. (Mr Kennan).
  - 11 **NATIONAL PARKS** - *Resumption of debate on the question* - That this House congratulates the Government on its achievement in doubling the area protected in national parks over the past six years and is pleased to note that with further expansion of parks, the Government will have achieved its aim of establishing a world class parks system in which Victoria's ecosystems are adequately represented and protected - *and on the amendment* - That all the words after "That" be omitted with the view of inserting in place thereof the words "this House acknowledges the significant increase in area devoted to National Parks in Victoria over the past six years but condemns the Government for its failure to allocate sufficient funds for weed and vermin control and fire management in these expanded parks, and for its failure to recognise the imposts that local municipalities carry in maintaining road access to these parks". (Mr Evans).

(*Mr Mathews*).
- 3 **RURAL POLICIES - Resumption of debate on the question** - That this House, recognising that rural Victorians are the most socially, economically and culturally deprived of all citizens in the State, calls on the Government to implement policies which recognise the importance of rural industries in the economic and social framework of the State, and in particular to - (a) reduce the incidence of State taxation on rural enterprises; (b) implement a positive decentralisation policy to reduce the excessive demands on services in the metropolitan area; and (c) provide health and education services accessible to all Victorian citizens. ## GENERAL BUSINESS

- 1 **VICTORIAN ECONOMIC DEVELOPMENT CORPORATION - OPERATIONS** -  
*Resumption of debate on the question* - That this House calls on the  
Government to give a full account and release all documents in regard to the  
administration and conduct of the Victorian Economic Development  
Corporation under his Government, in order that Parliament can scrutinise  
the scandalous mismanagement and likely illegalities which have tainted the  
VEDC's operations under the Cain Government. (Mr Rowe).
- 2 **WARSHIP VISITS TO PORT OF MELBOURNE** - *Resumption of debate on the*  
*question* - That this House endorses the commitment of the Federal  
Government to permit warships of friendly nations to berth, and, if  
necessary, undertake basic repairs in the Port of Melbourne or other suitable  
Victorian ports, as part of Australia's obligations under treaty relationships.  
(Mr Mathews).
- 3 **RURAL POLICIES** - *Resumption of debate on the question* - That this House,  
recognising that rural Victorians are the most socially, economically and  
culturally deprived of all citizens in the State, calls on the Government to  
implement policies which recognise the importance of rural industries in  
the economic and social framework of the State, and in particular to - (a)  
reduce the incidence of State taxation on rural enterprises; (b) implement a  
positive decentralisation policy to reduce the excessive demands on services  
in the metropolitan area; and (c) provide health and education services  
accessible to all Victorian citizens. (Mr Evans).

- 4 **ADJOURNMENT MOTION - YOUTH GUARANTEE SCHEME** - *Resumption of debate on the question* - That the House do now adjourn for the purpose of discussing a definite matter of urgent public importance, namely - "The failure of the Government to promptly rectify the gross mismanagement of the Youth Guarantee Scheme, resulting in the continuing inability of the guarantee to meet its targets, provide employment, education and training to all young Victorians, and conform with established approval procedures for promotional activities." (*Mr Gude*).
- 5 **GOVERNMENT ECONOMIC STRATEGY** - *Resumption of debate on the question* - That this House commends the State Government's long term economic strategy which has enabled Victoria to sustain the lowest unemployment rate for a record period and endorses the Government's economic targets for the decade ending 1992-93 - *and on the amendment* - That all the words after "House" be omitted with the view of inserting in place thereof the words "notes the State Government's long-term economic strategy and calls on the Premier to take immediate action on the Auditor-General's Special Report No. 11 in order to restore even minimal credibility in Government by - (a) standing down the Treasurer; and (b) acting to appoint a Royal Commission to enquire into why the Victorian Economic Development Corporation, the Victorian Investment Corporation, the Department of Industry, Technology and Resources and other Government agencies advanced hundreds of millions of dollars of tax-payers' funds to businesses which had little or no prospect of repaying such monies." (*Mr McNamara*).
- 6 **PUBLIC TRANSPORT SYSTEM** - *Resumption of debate on the question* - That this House congratulates the Government on its performance in renewing and expanding the public transport system in Victoria and in particular commends the Government for showing the vision for the future of public transport in Melbourne through the MET PLAN. (*Mr Brown*).
- 7 **GOVERNMENT FAMILY PLEDGE** - *Resumption of debate on the question* - That this House calls on the Premier to put his family pledge into a legislative form and so honour the commitments he made during the 1988 election campaign, namely, that for the typical Victorian family, the payment of the Education Expense Allowance and the abolition of motor registration fees, together with the commitment to hold down the cost of basic household budget items such as gas, electricity, MMBW water and sewerage rates, third party insurance, drivers' licences and transport fares, means that for the next four years, the typical Victorian family will not pay a dollar more in total than was paid for these items as at 20 September 1988. (*Mrs Hirsh*).
- 8 **FUEL PRICES** - *Resumption of debate on the question* - That this House condemns the Minister for Community Services for not correcting the huge variation in fuel prices which seriously disadvantages country Victorians. (*Mr McGrath, Lowan*).

- 10 **TRANSPORT PORTFOLIO - CENSURE OF MINISTER** - *Resumption of debate on the question* - That this House condemns the Government and the Minister for Transport for inept and gross mismanagement of the transport portfolio, including public transport, and notes with concern the Minister's continuing subservience to left-wing transport unions and the Minister's unpreparedness to address the continuing fundamental problems in his portfolio. (*Mr Kennan*).

- 11 **NATIONAL PARKS** - *Resumption of debate on the question* - That this House congratulates the Government on its achievement in doubling the area protected in national parks over the past six years and is pleased to note that with further expansion of parks, the Government will have achieved its aim of establishing a world class parks system in which Victoria's ecosystems are adequately represented and protected - *and on the amendment* - That all the words after "That" be omitted with the view of inserting in place thereof the words "this House acknowledges the significant increase in area devoted to National Parks in Victoria over the past six years but condemns the Government for its failure to allocate sufficient funds for weed and vermin control and fire management in these expanded parks, and for its failure to recognise the imposts that local municipalities carry in maintaining road access to these parks". (*Mr Evans*).
- 12 **ROAD FUNDING** - *Resumption of debate on the question* - That this House deplores the reduced priority given to road funding by both the Commonwealth and Victorian Governments, and calls for a fairer distribution of the vast sums raised from motorists to address the serious decline in the standard and effectiveness of the Victorian road network in general, and the local roads category in particular. (*Mr Pescott*).
- 13 **LAW AND ORDER** - *Resumption of debate on the question* - That this House condemns the failure of the Government to tackle the law and order crisis confronting the Victorian community - *and on the amendment* - That all the words after "House" be omitted with the view of inserting in place thereof the words "notes that the number of major crimes reported is falling for the first time in fifteen years and consequently congratulates the members of the Victoria Police and Victorian citizens who support the wide variety of programs which are starting to build a law-abiding society." (*Mr McNamara*).

(Mr Mathews).
- 3 **RURAL POLICIES - Resumption of debate on the question** - That this House, recognising that rural Victorians are the most socially, economically and culturally deprived of all citizens in the State, calls on the Government to implement policies which recognise the importance of rural industries in the economic and social framework of the State, and in particular to - (a) reduce the incidence of State taxation on rural enterprises; (b) implement a positive decentralisation policy to reduce the excessive demands on services in the metropolitan area; and (c) provide health and education services accessible to all Victorian citizens.   - 11 **NATIONAL PARKS** - *Resumption of debate on the question* - That this House congratulates the Government on its achievement in doubling the area protected in national parks over the past six years and is pleased to note that with further expansion of parks, the Government will have achieved its aim of establishing a world class parks system in which Victoria's ecosystems are adequately represented and protected - *and on the amendment* - That all the words after "That" be omitted with the view of inserting in place thereof the words "this House acknowledges the significant increase in area devoted to National Parks in Victoria over the past six years but condemns the Government for its failure to allocate sufficient funds for weed and vermin control and fire management in these expanded parks, and for its failure to recognise the imposts that local municipalities carry in maintaining road access to these parks". (*Mr Evans*).
  - 12 **ROAD FUNDING** - *Resumption of debate on the question* - That this House deplores the reduced priority given to road funding by both the Commonwealth and Victorian Governments, and calls for a fairer distribution of the vast sums raised from motorists to address the serious decline in the standard and effectiveness of the Victorian road network in general, and the local roads category in particular. (*Mr Pescott*).

(*Mr Rowe*).
- 2 **WARSHIP VISITS TO PORT OF MELBOURNE - Resumption of debate on the question** - That this House endorses the commitment of the Federal Government to permit warships of friendly nations to berth, and, if necessary, undertake basic repairs in the Port of Melbourne or other suitable Victorian ports, as part of Australia's obligations under treaty relationships. (*Mr Mathews*).
- 3 **RURAL POLICIES - Resumption of debate on the question** - That this House, recognising that rural Victorians are the most socially, economically and culturally deprived of all citizens in the State, calls on the Government to implement policies which recognise the importance of rural industries in the economic and social framework of the State, and in particular to - (a) reduce the incidence of State taxation on rural enterprises; (b) implement a positive decentralisation policy to reduce the excessive demands on services in the metropolitan area; and (c) provide health and education services accessible to all Victorian citizens. - 17 **MR GUDE** - To move, That he have leave to bring in a Bill relating to the payment of commercial accounts payable by the State or by an authority of the State.
- 18 **MR GUDE** - To move, That this House condemns compulsory unionism as is practised in Victoria, especially in the building industry, because it represents a violation of the fundamental right of freedom of association laid down in the United Nations declaration of civil and political rights.
- 19 **MR GUDE** - To move, That this House notes the fact that ugly and slanderous graffiti has recently appeared on many Victorian building sites and that the Cain Government has not publicly denounced such graffiti and its instigators and condemns the Cain Government for its failure to - (a) support the legal

activities of independent contractors, TroubleShooters Incorporated, which is the object of the graffiti; and (b) instigate an immediate inquiry into the matter.

- 20 **MR GUDE** - To move, That this House takes note of the Report of the Ombudsman on investigations relating to Complaints of Unreasonable Termination of Services with Victoria's 150th Anniversary Celebrations Secretariat and Inadequate Compensation following such Dismissal.

## ORDERS OF THE DAY

- 1 **VICTORIAN ECONOMIC DEVELOPMENT CORPORATION - OPERATIONS** - *Resumption of debate on the question* - That this House calls on the Government to give a full account and release all documents in regard to the administration and conduct of the Victorian Economic Development Corporation under his Government, in order that Parliament can scrutinise the scandalous mismanagement and likely illegalities which have tainted the VEDC's operations under the Cain Government. (*Mr Rowe*).
- 2 **WARSHIP VISITS TO PORT OF MELBOURNE** - *Resumption of debate on the question* - That this House endorses the commitment of the Federal Government to permit warships of friendly nations to berth, and, if necessary, undertake basic repairs in the Port of Melbourne or other suitable Victorian ports, as part of Australia's obligations under treaty relationships. (*Mr Mathews*).
- 3 **RURAL POLICIES** - *Resumption of debate on the question* - That this House, recognising that rural Victorians are the most socially, economically and culturally deprived of all citizens in the State, calls on the Government to implement policies which recognise the importance of rural industries in the economic and social framework of the State, and in particular to - (a) reduce the incidence of State taxation on rural enterprises; (b) implement a

positive decentralisation policy to reduce the excessive demands on services in the metropolitan area; and (c) provide health and education services accessible to all Victorian citizens. (*Mr Evans*).

- 4 **ADJOURNMENT MOTION - YOUTH GUARANTEE SCHEME** - *Resumption of debate on the question* - That the House do now adjourn for the purpose of discussing a definite matter of urgent public importance, namely - "The failure of the Government to promptly rectify the gross mismanagement of the Youth Guarantee Scheme, resulting in the continuing inability of the guarantee to meet its targets, provide employment, education and training to all young Victorians, and conform with established approval procedures for promotional activities." (*Mr Gude*).

(*Mr McNamara*).
- 6 **PUBLIC TRANSPORT SYSTEM** - *Resumption of debate on the question* - That this House congratulates the Government on its performance in renewing and expanding the public transport system in Victoria and in particular commends the Government for showing the vision for the future of public transport in Melbourne through the MET PLAN. (*Mr Brown*).
- 7 **GOVERNMENT FAMILY PLEDGE** - *Resumption of debate on the question* - That this House calls on the Premier to put his family pledge into a legislative form and so honour the commitments he made during the 1988 election campaign, namely, that for the typical Victorian family, the payment of the Education Expense Allowance and the abolition of motor registration fees, together with the commitment to hold down the cost of basic household budget items such as gas, electricity, MMBW water and sewerage rates, third party insurance, drivers' licences and transport fares, means that for the next four years, the typical Victorian family will not pay a dollar more in total than was paid for these items as at 20 September 1988. (*Mrs Hirsh*).
- 8 **FUEL PRICES** - *Resumption of debate on the question* - That this House condemns the Minister for Community Services for not correcting the huge variation in fuel prices which seriously disadvantages country Victorians. (*Mr McGrath, Lowan*).

(*Mr Kennan*).
- 11 **NATIONAL PARKS** - *Resumption of debate on the question* - That this House congratulates the Government on its achievement in doubling the area protected in national parks over the past six years and is pleased to note that with further expansion of parks, the Government will have achieved its aim of establishing a world class parks system in which Victoria's ecosystems are adequately represented and protected - *and on the amendment* - That all the words after "That" be omitted with the view of inserting in place thereof the words "this House acknowledges the significant increase in area devoted to National Parks in Victoria over the past six years but condemns the Government for its failure to allocate sufficient funds for weed and vermin control and fire management in these expanded parks, and for its failure to recognise the imposts that local municipalities carry in maintaining road access to these parks". (*Mr Evans*).
- 12 **ROAD FUNDING** - *Resumption of debate on the question* - That this House deplores the reduced priority given to road funding by both the Commonwealth and Victorian Governments, and calls for a fairer distribution of the vast sums raised from motorists to address the serious decline in the standard and effectiveness of the Victorian road network in general, and the local roads category in particular. (*Mr Pescott*).
- 13 **LAW AND ORDER** - *Resumption of debate on the question* - That this House condemns the failure of the Government to tackle the law and order crisis confronting the Victorian community - *and on the amendment* - That all the words after "House" be omitted with the view of inserting in place thereof the words "notes that the number of major crimes reported is falling for the first time in fifteen years and consequently congratulates the members of the Victoria Police and Victorian citizens who support the wide variety of programs which are starting to build a law-abiding society." (*Mr McNamara*).
- 14 **NEIGHBOURHOOD HOUSES** - *Resumption of debate on the question* - That this House congratulates the Government for significantly expanding the network of Neighbourhood Houses, thereby providing more assistance to Victorian women, especially women in the home, who may be experiencing social isolation or seeking access to education or other personal development or support programs. - 26 **MR JASPER** - To move, That the Environment Protection (Scheduled Premises and Exemptions) (Amendment) Regulations 1989 (Statutory Rule 77/1989) be disallowed. *[Notice given on 5 September 1989].*
- 27 **MR GUDE** - To move, That this House notes, with satisfaction, the judgement of Mr Justice Woodward on 24 August 1989 in the case of Odco Pty Ltd (better known as Troubleshooters Available) vs the Building Workers Industrial Union which is fully consistent with the Liberal and National Parties' approach to industrial relations, namely to encourage greater flexibility in the labour market and to provide greater opportunity to people in the workforce to negotiate mutually acceptable terms and conditions of work leading to greater efficiency, productivity and competitiveness, and condemns the State Government for its total failure to support small business against the intimidatory and predatory attacks of militant unions.

- 28 **MR JASPER** - To move, That the Road Safety (Traffic) (Amendment) Regulations 1989 (Statutory Rule 89/1989) be disallowed. [*Notice given on 12 September 1989*].

- 32 **MR JASPER** - To move, That Regulation 7(a)(iii) of the Tobacco (Promotion of Exempt Sponsorship) Regulations 1989 (Statutory Rule 179/1989) be disallowed. [*Notice given on 26 October 1989*].

## ORDERS OF THE DAY

- 1 **VICTORIAN ECONOMIC DEVELOPMENT CORPORATION - OPERATIONS** - *Resumption of debate on the question* - That this House calls on the Government to give a full account and release all documents in regard to the administration and conduct of the Victorian Economic Development Corporation under his Government, in order that Parliament can scrutinise the scandalous mismanagement and likely illegalities which have tainted the VEDC's operations under the Cain Government. (*Mr Rowe*).
- 2 **WARSHIP VISITS TO PORT OF MELBOURNE** - *Resumption of debate on the question* - That this House endorses the commitment of the Federal Government to permit warships of friendly nations to berth, and, if necessary, undertake basic repairs in the Port of Melbourne or other suitable Victorian ports, as part of Australia's obligations under treaty relationships. (*Mr Mathews*).
- 3 **RURAL POLICIES** - *Resumption of debate on the question* - That this House, recognising that rural Victorians are the most socially, economically and culturally deprived of all citizens in the State, calls on the Government to implement policies which recognise the importance of rural industries in the economic and social framework of the State, and in particular to - (a)

- reduce the incidence of State taxation on rural enterprises; (b) implement a positive decentralisation policy to reduce the excessive demands on services in the metropolitan area; and (c) provide health and education services accessible to all Victorian citizens. (*Mr Evans*).
- 4 **ADJOURNMENT MOTION - YOUTH GUARANTEE SCHEME** - *Resumption of debate on the question* - That the House do now adjourn for the purpose of discussing a definite matter of urgent public importance, namely - "The failure of the Government to promptly rectify the gross mismanagement of the Youth Guarantee Scheme, resulting in the continuing inability of the guarantee to meet its targets, provide employment, education and training to all young Victorians, and conform with established approval procedures for promotional activities." (*Mr Gude*).
  - 5 **GOVERNMENT ECONOMIC STRATEGY** - *Resumption of debate on the question* - That this House commends the State Government's long term economic strategy which has enabled Victoria to sustain the lowest unemployment rate for a record period and endorses the Government's economic targets for the decade ending 1992-93 - *and on the amendment* - That all the words after "House" be omitted with the view of inserting in place thereof the words "notes the State Government's long-term economic strategy and calls on the Premier to take immediate action on the Auditor-General's Special Report No. 11 in order to restore even minimal credibility in Government by - (a) standing down the Treasurer; and (b) acting to appoint a Royal Commission to enquire into why the Victorian Economic Development Corporation, the Victorian Investment Corporation, the Department of Industry, Technology and Resources and other Government agencies advanced hundreds of millions of dollars of tax-payers' funds to businesses which had little or no prospect of repaying such monies." (*Mr McNamara*).
  - 6 **PUBLIC TRANSPORT SYSTEM** - *Resumption of debate on the question* - That this House congratulates the Government on its performance in renewing and expanding the public transport system in Victoria and in particular commends the Government for showing the vision for the future of public transport in Melbourne through the MET PLAN. (*Mr Brown*).
  - 7 **GOVERNMENT FAMILY PLEDGE** - *Resumption of debate on the question* - That this House calls on the Premier to put his family pledge into a legislative form and so honour the commitments he made during the 1988 election campaign, namely, that for the typical Victorian family, the payment of the Education Expense Allowance and the abolition of motor registration fees, together with the commitment to hold down the cost of basic household budget items such as gas, electricity, MMBW water and sewerage rates, third party insurance, drivers' licences and transport fares, means that for the next four years, the typical Victorian family will not pay a dollar more in total than was paid for these items as at 20 September 1988. (*Mrs Hirsh*).
  - 8 **FUEL PRICES** - *Resumption of debate on the question* - That this House condemns the Minister for Community Services for not correcting the huge variation in fuel prices which seriously disadvantages country Victorians. (*Mr McGrath, Lowan*).

-

(*Mr Kennan*).
- 11 **NATIONAL PARKS** - *Resumption of debate on the question* - That this House congratulates the Government on its achievement in doubling the area protected in national parks over the past six years and is pleased to note that with further expansion of parks, the Government will have achieved its aim of establishing a world class parks system in which Victoria's ecosystems are adequately represented and protected - *and on the amendment* - That all the words after "That" be omitted with the view of inserting in place thereof the words "this House acknowledges the significant increase in area devoted to National Parks in Victoria over the past six years but condemns the Government for its failure to allocate sufficient funds for weed and vermin control and fire management in these expanded parks, and for its failure to recognise the imposts that local municipalities carry in maintaining road access to these parks". (*Mr Evans*).
- 12 **ROAD FUNDING** - *Resumption of debate on the question* - That this House deplures the reduced priority given to road funding by both the Commonwealth and Victorian Governments, and calls for a fairer distribution of the vast sums raised from motorists to address the serious decline in the standard and effectiveness of the Victorian road network in general, and the local roads category in particular. (*Mr Pescott*).
- 13 **LAW AND ORDER** - *Resumption of debate on the question* - That this House condemns the failure of the Government to tackle the law and order crisis confronting the Victorian community - *and on the amendment* - That all the words after "House" be omitted with the view of inserting in place thereof the words "notes that the number of major crimes reported is falling for the first time in fifteen years and consequently congratulates the members of the Victoria Police and Victorian citizens who support the wide variety of programs which are starting to build a law-abiding society." (*Mr McNamara*).
- 14 **NEIGHBOURHOOD HOUSES** - *Resumption of debate on the question* - That this House congratulates the Government for significantly expanding the network of Neighbourhood Houses, thereby providing more assistance to Victorian women, especially women in the home, who may be experiencing social isolation or seeking access to education or other personal development or support programs. (*Mr Rowe*).
- 2 **WARSHIP VISITS TO PORT OF MELBOURNE - Resumption of debate on the question** - That this House endorses the commitment of the Federal Government to permit warships of friendly nations to berth, and, if necessary, undertake basic repairs in the Port of Melbourne or other suitable Victorian ports, as part of Australia's obligations under treaty relationships. (*Mr Mathews*).
- 3 **RURAL POLICIES - Resumption of debate on the question** - That this House, recognising that rural Victorians are the most socially, economically and culturally deprived of all citizens in the State, calls on the Government to implement policies which recognise the importance of rural industries in the economic and social framework of the State, and in particular to - (a) reduce the incidence of State taxation on rural enterprises; (b) implement a positive decentralisation policy to reduce the excessive demands on services in the metropolitan area; and (c) provide health and education services accessible to all Victorian citizens. - 11 **NATIONAL PARKS** - *Resumption of debate on the question* - That this House congratulates the Government on its achievement in doubling the area protected in national parks over the past six years and is pleased to note that with further expansion of parks, the Government will have achieved its aim of establishing a world class parks system in which Victoria's ecosystems are adequately represented and protected - *and on the amendment* - That all the words after "That" be omitted with the view of inserting in place thereof the words "this House acknowledges the significant increase in area devoted to National Parks in Victoria over the past six years but condemns the Government for its failure to allocate sufficient funds for weed and vermin control and fire management in these expanded parks, and for its failure to recognise the imposts that local municipalities carry in maintaining road access to these parks". (Mr Evans).
- 12 **ROAD FUNDING** - *Resumption of debate on the question* - That this House deplores the reduced priority given to road funding by both the Commonwealth and Victorian Governments, and calls for a fairer distribution of the vast sums raised from motorists to address the serious decline in the standard and effectiveness of the Victorian road network in general, and the local roads category in particular. (Mr Pescott).

- 13 **LAW AND ORDER** - *Resumption of debate on the question* - That this House condemns the failure of the Government to tackle the law and order crisis confronting the Victorian community - *and on the amendment* - That all the words after "House" be omitted with the view of inserting in place thereof the words "notes that the number of major crimes reported is falling for the first time in fifteen years and consequently congratulates the members of the Victoria Police and Victorian citizens who support the wide variety of programs which are starting to build a law-abiding society." ## GENERAL BUSINESS

- 1 **VICTORIAN ECONOMIC DEVELOPMENT CORPORATION - OPERATIONS** - *Resumption of debate on the question* - That this House calls on the Government to give a full account and release all documents in regard to the administration and conduct of the Victorian Economic Development Corporation under his Government, in order that Parliament can scrutinise the scandalous mismanagement and likely illegalities which have tainted the VEDC's operations under the Cain Government. *(Mr Rowe)*.
- 2 **WARSHIP VISITS TO PORT OF MELBOURNE** - *Resumption of debate on the question* - That this House endorses the commitment of the Federal Government to permit warships of friendly nations to berth, and, if necessary, undertake basic repairs in the Port of Melbourne or other suitable Victorian ports, as part of Australia's obligations under treaty relationships. *(Mr Mathews)*.
- 3 **RURAL POLICIES** - *Resumption of debate on the question* - That this House, recognising that rural Victorians are the most socially, economically and culturally deprived of all citizens in the State, calls on the Government to implement policies which recognise the importance of rural industries in the economic and social framework of the State, and in particular to - (a) reduce the incidence of State taxation on rural enterprises; (b) implement a positive decentralisation policy to reduce the excessive demands on services in the metropolitan area; and (c) provide health and education services accessible to all Victorian citizens. *(Mr Evans)*.
- 4 **ADJOURNMENT MOTION - YOUTH GUARANTEE SCHEME** - *Resumption of debate on the question* - That the House do now adjourn for the purpose of discussing a definite matter of urgent public importance, namely - "The failure of the Government to promptly rectify the gross mismanagement of the Youth Guarantee Scheme, resulting in the continuing inability of the guarantee to meet its targets, provide employment, education and training to all young Victorians, and conform with established approval procedures for promotional activities." *(Mr Gude)*.
- 5 **GOVERNMENT ECONOMIC STRATEGY** - *Resumption of debate on the question* - That this House commends the State Government's long term economic strategy which has enabled Victoria to sustain the lowest unemployment rate for a record period and endorses the Government's economic targets for the decade ending 1992-93 - *and on the amendment* - That all the words after "House" be omitted with the view of inserting in place thereof the words "notes the State Government's long-term economic strategy and calls on the Premier to take immediate action on the Auditor-General's Special Report No.11 in order to restore even minimal credibility in Government by - (a) standing down the Treasurer; and (b) acting to appoint a Royal Commission to

enquire into why the Victorian Economic Development Corporation, the Victorian Investment Corporation, the Department of Industry, Technology and Resources and other Government agencies advanced hundreds of millions of dollars of tax-payers' funds to businesses which had little or no prospect of repaying such monies." (*Mr McNamara*).

- 6 **PUBLIC TRANSPORT SYSTEM** - *Resumption of debate on the question* - That this House congratulates the Government on its performance in renewing and expanding the public transport system in Victoria and in particular commends the Government for showing the vision for the future of public transport in Melbourne through the MET PLAN. (*Mr Brown*).
- 7 **GOVERNMENT FAMILY PLEDGE** - *Resumption of debate on the question* - That this House calls on the Premier to put his family pledge into a legislative form and so honour the commitments he made during the 1988 election campaign, namely, that for the typical Victorian family, the payment of the Education Expense Allowance and the abolition of motor registration fees, together with the commitment to hold down the cost of basic household budget items such as gas, electricity, MMBW water and sewerage rates, third party insurance, drivers' licences and transport fares, means that for the next four years, the typical Victorian family will not pay a dollar more in total than was paid for these items as at 20 September 1988. (*Mrs Hirsh*).

- 10 **TRANSPORT PORTFOLIO - CENSURE OF MINISTER** - *Resumption of debate on the question* - That this House condemns the Government and the Minister for Transport for inept and gross mismanagement of the transport portfolio, including public transport, and notes with concern the Minister's continuing subservience to left-wing transport unions and the Minister's unpreparedness to address the continuing fundamental problems in his portfolio. (*Mr Kennan*).
- 11 **NATIONAL PARKS** - *Resumption of debate on the question* - That this House congratulates the Government on its achievement in doubling the area protected in national parks over the past six years and is pleased to note that with further expansion of parks, the Government will have achieved its aim of establishing a world class parks system in which Victoria's ecosystems are adequately represented and protected - *and on the amendment* - That all the words after "That" be omitted with the view of inserting in place thereof the words "this House acknowledges the significant increase in area devoted to National Parks in Victoria over the past six years but condemns the Government for its failure to allocate sufficient funds for weed and vermin control and fire management in these expanded parks, and for its failure to recognise the imposts that local municipalities carry in maintaining road access to these parks". (*Mr Evans*).
- 12 **ROAD FUNDING** - *Resumption of debate on the question* - That this House deplores the reduced priority given to road funding by both the Commonwealth and Victorian Governments, and calls for a fairer distribution of the vast sums raised from motorists to address the serious decline in the standard and effectiveness of the Victorian road network in general, and the local roads category in particular. (*Mr Pescott*).

- 13 **LAW AND ORDER** - *Resumption of debate on the question* - That this House condemns the failure of the Government to tackle the law and order crisis confronting the Victorian community - *and on the amendment* - That all the words after "House" be omitted with the view of inserting in place thereof the words "notes that the number of major crimes reported is falling for the first time in fifteen years and consequently congratulates the members of the Victoria Police and Victorian citizens who support the wide variety of programs which are starting to build a law-abiding society." (*Mr McNamara*).
- 14 **NEIGHBOURHOOD HOUSES** - *Resumption of debate on the question* - That this House congratulates the Government for significantly expanding the network of Neighbourhood Houses, thereby providing more assistance to Victorian women, especially women in the home, who may be experiencing social isolation or seeking access to education or other personal development or support programs.
