### *Questions.*

1307. MR. DOUBE : To ask the Honorable the Minister of Education—
1. What proportion of Victoria's allocation from Commonwealth funds recommended by the Australian Schools Commission for 1974 and 1975 under the heading "General Recurrent Grants Recommended for Government Schools" is made available to special schools and classes, indicating the amount for this purpose and the amount allocated to date.
  2. What proportion of Victoria's allocation from funds recommended by the Australian Schools Commission in table 10.3 under the heading "Grants Recommended for Recurrent Expenditure in Special Education" in 1974 and 1975 has been received, indicating—  
(a) how much has been spent to date ; (b) what schools have been involved ; (c) how much each such school has received ; and (d) what criteria have been used to distribute these moneys.
1418. MR. ROPER : To ask the Honorable the Chief Secretary in respect of child restraint devices for young children—
1. Who developed the advertising campaign conducted by the Road Safety and Traffic Authority to encourage adults to "belt up their children".
  2. What is the cost of such campaign and to whom fees for advertising have been paid.
  3. Whether the campaign has been evaluated ; if so, by whom, and with what result.
1420. MR. ROPER : To ask the Honorable the Minister of Education in respect of fire safety and prevention precautions in State schools—
1. Whether the Government intends to equip all new primary and secondary schools with automatic thermostatic alarm systems.
  2. Whether the Government has plans to introduce automatic thermostatic alarm systems in existing schools ; if so, on what basis.
  3. Whether the Government intends to fit automatic sprinkler systems to all new primary and secondary schools ; if so, on what basis.
  4. Whether the Government intends to instal sprinkler systems in existing primary and secondary schools ; if so, on what basis.
1434. MR. ROPER : To ask the Honorable the Chief Secretary in respect of car restraints for young children, whether the Road Safety and Traffic Authority has yet reported to the Government on making such restraints compulsory ; if so, when and with what result.
1437. MR. WILKES ; To ask the Honorable the Chief Secretary—
1. Further to his statement reported on page 5098 of Hansard that police want the whole of bank tellers areas completely enclosed, what steps the Government has taken to seek amendments to the Uniform Building Regulations so that this measure will be mandatory for all new bank premises built in Victoria.
  2. Whether the Government has discussed with the State Savings Bank of Victoria a proposal to instal bullet resistant glass screens as a protective and deterrent measure in branches in Victoria.
  3. Whether the "hot line" to Russell-street Police Headquarters is now fully operational ; if so, how many bank branches, both private and State, are connected to the system.
  4. Whether there are sufficient foot patrols in suburban areas ; if not, whether it is the intention to encourage greater use of police foot patrols to deter criminal activity.

\* Notifications to which an asterisk (\*) is prefixed appear for the first time.

1438. MR. WILKES : To ask the Honorable the Chief Secretary—
1. Whether, in view of the fact that the State Insurance Office stands to make substantial gains through recovery of medical charges under Medibank, he will consider reducing Workers' Compensation premiums.
  2. Whether he will allow the Office to provide public risk cover for Local Government owing to extreme difficulty in obtaining public risk cover with private insurance offices.
1446. MR. CURNOW : To ask the Honorable the Minister of Transport—

The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that every entry should be supported by a valid receipt or invoice. This ensures transparency and allows for easy verification of the data.

Furthermore, it is noted that the records should be kept in a secure and accessible format. Regular backups are recommended to prevent data loss in the event of a system failure or disaster.

In addition, the document highlights the need for consistent data entry. Standardized formats and codes should be used throughout the system to avoid confusion and errors. Training for staff on these protocols is essential for successful implementation.

The second part of the document provides a detailed overview of the system's architecture. It describes the various components, including the database, the user interface, and the reporting modules. Each component is explained in terms of its function and how it interacts with the others.

The final section of the document outlines the future plans for the system. It includes a timeline for upcoming updates and new features. The goal is to continuously improve the system to meet the evolving needs of the organization.

Overall, the document serves as a comprehensive guide for the system's operation and maintenance. It provides the necessary information for users to effectively utilize the system and for administrators to manage it.

The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that every entry should be supported by a valid receipt or invoice. This ensures transparency and allows for easy auditing of the accounts.

Furthermore, it is noted that regular reconciliation of the books is essential to identify any discrepancies early on. This process involves comparing the internal records with bank statements and other external sources to ensure they match.

The second part of the document outlines the procedures for handling cash payments and receipts. It states that all cash received should be deposited into the designated business bank account immediately. Similarly, all cash payments should be made from this account to maintain a clear trail of funds.

Finally, the document concludes by reminding the reader to keep all financial records for a minimum of seven years. This is a legal requirement and helps in providing evidence in case of any future disputes or tax audits.

The following table provides a summary of the key financial metrics for the period covered by the report. It shows a steady increase in revenue over the last quarter, which is a positive indicator for the business's performance.

Category	Q1 2023	Q2 2023	Q3 2023
Total Revenue	\$120,000	\$135,000	\$150,000
Operating Expenses	\$80,000	\$85,000	\$90,000
Net Profit	\$40,000	\$50,000	\$60,000

Based on these figures, it is projected that the business will continue to grow in the coming months, provided that current market conditions remain stable.

\*2209. MR. TREZISE : To ask the Honorable the Minister of Labour and Industry—

1. Whether the Apprenticeship Commission has made a decision to proclaim an apprenticeship course in the electrical appliance repair field ; if so—(a) when ; and (b) whether the Commission has now compelled such apprentices to complete a different course and, in that event, why.
2. Whether the Commission is considering provision for training in the appliance repair field ; if so—(a) when a decision will be finalized ; and (b) whether the trend towards the increasing volume and variety of domestic appliances in use will be taken into account.

\*2210. MR. TREZISE : To ask the Honorable the Minister for Conservation whether, in view of the need for increased services in the Geelong area, additional Fisheries and Wildlife Officers will be provided for the area ; if so, when.

\*2211. MR. SIMMONDS : To ask the Honorable the Minister of Public Works, for the Honorable the Minister of Water Supply, what measures have been taken to control long grass, noxious weeds, and stagnant water in the Melbourne and Metropolitan Board of Works reservation at the rear of premises fronting Burbank-drive, Keon Park.

- \*2212. MR. DOUBE : To ask the Honorable the Minister for Conservation, further to the answer given to question No. 1990 asked on 28th October, 1975—
1. Why Ballarat was chosen as the venue for the Conservation Conference on the 12th and 13th July, 1975, when all the 31 persons attending are normally stationed in Melbourne.
  2. What was the total cost of—(a) transportation of personnel to the conference ; and (b) overnight accommodation and meals.
  3. Where personnel were accommodated overnight.
  4. Whether individuals attending the conference were required to pay their accommodation expenses ; if so, whether they were eligible for travelling and accommodation allowances, and in that event, which members received the allowances, indicating the amount each received.
  5. Whether it is intended that another conference of this group will be held ; if so, when and at what location.
- \*2213. MR. ROSS-EDWARDS : To ask the Honorable the Minister of Health whether any cases of Encephalitis were reported in Victoria during the 1974-75 summer ; if so—(a) how many ; (b) how many deaths resulted from the virus ; and (c) in which areas the victims contracted the virus.
- \*2214. MR. FOGARTY : To ask the Honorable the Minister of Public Works—
1. What amount was spent on renovations and purchase of plant and machinery for the Government Cool Stores during the ten years prior to closure.
  2. Whether the plant and machinery was disposed of by public tender ; if so—(a) who was the successful tenderer ; and (b) what was the tender price and the terms and conditions of sale ; if not, how such plant and machinery was disposed of and at what price.
- \*2215. MR. TREZISE : To ask the Honorable the Minister of Education—
1. What amount has been allocated for the year 1975-76 by the Commonwealth Government for Victorian State schools.
  2. What additional Commonwealth funds have been similarly provided for other Victorian educational purposes.
  3. What amount has been allocated for the year 1975-76 by the Victorian Government for State schools.
  4. What additional State funds have been provided for other Victorian educational purposes.
- \*2216. MR. WILKES : To ask the Honorable the Chief Secretary—
1. What effect—(a) the rapid growth in high rise buildings ; (b) the growth in hazardous industries ; (c) the cost of advice to Architects in relation to projects and alterations to existing buildings ; and (d) the advice to municipal councils relative to such projects, has had on the fire services of the State.
  2. To what extent free extinguishing services, where applicable, have affected the cost of fire services.
