### NOTICES GIVEN ON 12 DECEMBER 2013

- 349 **MS DUNCAN** — To move, That this House condemns the Premier and this government for overseeing the withdrawal of Ford and Holden from Victoria on his watch, and calls on the Premier to finally get to work by creating a jobs plan for this state.
- 350 **MS RYALL** — To move, That this House commends the Napthine Government on its economic strategy of providing prudent and strong management of Victoria's finances and its work in showcasing Victorian business and export opportunities as well as investment in Victoria to help businesses create job opportunities in our great state.
- 351 **MR PALLAS** — To move, That this House notes that the withdrawal of Holden from Victoria puts at risk up to 25,000 Victorian jobs across the automotive industry and supply chain.
- 352 **MR NEWTON-BROWN** — To move, That this House notes the flaccid, lily-livered response of the Leader of the Opposition to the CFMEU's disgraceful behaviour at the Grocon blockade and calls on him to endorse the proposed new 'move on' laws to ensure that this behaviour is not repeated.
- 353 **MR TREZISE** — To move, That this House condemns the Premier for claiming that the loss of up to 25,000 jobs in the Victorian automotive industry could be absorbed by businesses such as Cotton On and the Little Creatures brewery.
- 354 **MR BULL** — To move, That this House notes that since coming to office the Coalition Government has provided the CFA with over \$1.84 billion and that budget funding has increased by a cumulative total of \$201.9 million since Labor's last year in office.
- 355 **MR TREZISE** — To move, That this House notes that from December 2012 to December 2013 Victoria has lost 100 jobs at Toyota, 170 jobs at Bluescope Steel, 260 jobs at Target, 590 jobs at ANZ, 450 jobs at Shell, 550 jobs at QANTAS, 600 jobs at Alcoa and 1,200 jobs at Ford.
- 356 **MS McLEISH** — To move, That this House notes the Coalition Government's continued commitment to protecting our children, including the quick response to the recommendations of the *Betrayal of Trust* report through the introduction of legislation to target grooming behaviour as a means to facilitate sexual abuse within a month of the report being tabled.
- 357 **MR PALLAS** — To move, That this House condemns the Premier for his continued failure to develop a comprehensive jobs plan for Victoria, a failure which has resulted in the continuing collapse of Victoria's manufacturing sector.
- 358 **MR WATT** — To move, That this House notes that while the Leader of the Opposition stated in December 2013 that the media were welcome to knock on any Labor members' doors, this is not possible since most of the Labor members are protected in a separate building needing security access.

- 
- 359 **MS EDWARDS** — To move, That this House condemns the Liberal-Nationals Government for their failed privatisation of Bendigo pathology service that has led to ten job losses and a reduction in services.
- 360 **MS EDWARDS** — To move, That this House condemns the Liberal-Nationals Government for breaking their promise made in a half-page print advertisement on 3 March 2012 that no jobs would be lost in Bendigo as a result of their privatisation of Bendigo Health's pathology service.

- 364 **MS EDWARDS** — To move, That this House condemns the Liberal-Nationals Government for their \$1.2 billion cuts to TAFE resulting in the closure of the Bendigo TAFE childcare centre 'Beginnings' in March 2014 and for their failure to provide adequate support to the parents and children who will no longer be able to access childcare.
- 365 **MR CARROLL** — To move, That this House notes recent media reports of the cold war that erupted behind the scenes at the Liberal Party's state conference held in Lorne concerning succession planning, leadership and the future direction of the Victorian parliamentary Liberal Party.

- 367 **MS CAMPBELL** — To move, That this House notes that Ambulance Victoria staff not only have the highest number of WorkCover claims in Victoria but that they also have the longest recovery period, and calls on the Premier and the Minister for Health to address the systemic reasons for these lengthy returns to work.
- 368 **MR CARROLL** — To move, That this House notes comments made by the Napthine Government's hand-picked planning adviser Professor Roz Hansen that spending \$6 billion to \$8 billion on a tunnel is a road solution that belonged in the 1960s or 1970s and is not smart, innovative or progressive thinking.
- 369 **MR CARROLL** — To move, That this House notes comments made on 12 December 2013 on ABC radio by the Napthine Government's hand-picked planning adviser Professor Roz Hansen than an \$8 billion tunnel is not the one infrastructure project for the next decade in Victoria, rather public transport is what people want to see improved.

- 8 **MR NEWTON-BROWN** — To move, That this House condemns the epic failures of the former Minister for Health, including — (a) the botching of the Ambulance Victoria merger; (b) Healthsmart, which was once known as the 'myki of health'; (c) the fabrication of waiting list records; and (d) vacillation in opposing Commonwealth health cuts.

- 312 **MS CAMPBELL** — To move, That this House condemns the Minister for Health for asking paramedics to be subjected to eighteenth century style working conditions, risking the lives of paramedics, patients and road users due to increased fatigue and low blood sugar levels from working 14 hours without food or a break.

- 315 **MS CAMPBELL** — To move, That this House calls on the Minister for Health to examine why Ambulance Victoria expects graduate paramedics to last no longer than three years in the job and why

Ambulance Victoria is not working its hardest to ensure young, malleable graduates are provided with appropriate remuneration, support and conditions.

- 316 **MS CAMPBELL** — To move, That this House condemns the Minister for Health for proposing to remove the rolled in rate which will cause many rural and part time employees, who cannot do shift work due to family responsibilities and unavailability of childcare, to lose in excess of \$250 plus superannuation per week.
- 317 **MS CAMPBELL** — To move, That this House recognises in spite of being more highly trained, Victorian paramedic wages are between \$20,000 and \$40,000 less than South Australian paramedic wages per annum, depending on the level of qualification.
- 318 **MS CAMPBELL** — To move, That this House condemns the Minister for Health for offering a meagre base salary to paramedics which maxes out at \$56,000 a year, and which takes seven years to reach, for a high pressure, life-saving job requiring a three year degree plus driver training plus a graduate year.

- 305 **MS CAMPBELL** — To move, That this House calls on the Minister for Health to examine why Ambulance Victoria expects graduate paramedics to last no longer than three years in the job and why Ambulance Victoria is not working its hardest to ensure young, malleable graduates are provided with appropriate remuneration, support and conditions.
- 306 **MS CAMPBELL** — To move, That this House condemns the Minister for Health for proposing to remove the rolled in rate which will cause many rural and part time employees, who cannot do shift work due to family responsibilities and unavailability of childcare, to lose in excess of \$250 plus superannuation per week.

- 307 **MS CAMPBELL** — To move, That this House recognises in spite of being more highly trained, Victorian paramedic wages are between \$20,000 and \$40,000 less than South Australian paramedic wages per annum, depending on the level of qualification.
- 308 **MS CAMPBELL** — To move, That this House condemns the Minister for Health for offering a meagre base salary to paramedics which maxes out at \$56,000 a year, and which takes seven years to reach, for a high pressure, life-saving job requiring a three year degree plus driver training plus a graduate year.

- 24 **MS GREEN** — To move, That this House calls on the Government, in particular the Minister for Community Services, to acknowledge the extra pressure placed on vulnerable people in the care of the Government who must now sacrifice the scarce funds they had allocated for day programs to top up the Government's extra rent impost.
- 25 **MS RYALL** — To move, That this House condemns the Opposition for pushing up the cost of living for Victorians because, in government, it failed to plan for Victoria's water needs and panicked, building an overpriced, oversized desalination plant that is costing Victorians almost three quarters of the new increase in their water bills.

- 296 **MS CAMPBELL** — To move, That this House recognises in spite of being more highly trained, Victorian paramedic wages are between \$20,000 and \$40,000 less than South Australian paramedic wages per annum, depending on the level of qualification.
- 297 **MS CAMPBELL** — To move, That this House condemns the Minister for Health for offering a meagre base salary to paramedics which maxes out at \$56,000 a year, and which takes seven years to reach, for a high pressure, life-saving job requiring a three year degree plus driver training plus a graduate year.

### NOTICES OF MOTION

*Earlier notices appear in the consolidated version of this notice paper, available online at [www.parliament.vic.gov.au](http://www.parliament.vic.gov.au) [Legislative Assembly — Notice Papers].*

### NOTICES GIVEN ON 18 FEBRUARY 2014

- 355 **MR PAKULA** — To move, That this House notes that by giving up on car manufacturing in Victoria, the Napthine Government has jeopardised the jobs of workers at the 39 vehicle parts manufacturers in the City of Kingston and condemns the Members for Mordialloc, Carrum and Bentleigh for failing to stand up for local jobs.
- 356 **MR NEWTON-BROWN** — To move, That this House notes that given the Leader of the Opposition's absence from the union protest on 18 February 2014 there appears to be a glimmer of hope that he may support the Government's bill to give police the powers to move on illegal disruptive picket lines.
- 357 **MR MERLINO** — To move, That this House notes that by giving up on car manufacturing in Victoria, the Napthine Government has jeopardised the jobs of workers at the 35 vehicle parts manufacturers in the City of Knox, and condemns the Members for Bayswater, Scoresby and Ferntree Gully for failing to stand up for local jobs.
- 358 **MS RYALL** — To move, That this House notes the massive risk Labor poses to Victoria with its \$19 billion black hole in its unfunded transport plan, confirming what every Victorian already knows, that Labor cannot manage money, cannot manage major projects and will undo the sound economic changes put in place by this government.
- 359 **MR McGUIRE** — To move, That this House notes that by giving up on car manufacturing in Victoria, the Napthine Government has jeopardised the jobs of workers at the 115 vehicle parts manufacturers in the City of Hume and condemns the Premier and Minister for Manufacturing for failing to stand up for Victorian jobs.
- 360 **MR McCURDY** — To move, That this House congratulates the Coalition Government for their genuine commitment to saving SPC Ardmona, working with the company and its growers along with the entire Goulburn Valley community to deliver this magnificent outcome, in stark contrast to Labor's blank cheque mentality.

- 361 **MR PALLAS** — To move, That this House notes that after three years of dithering, during which time Ford, Holden and Toyota announced they would quit Victoria, this government still has no jobs plan, and condemns the Premier for leaving thousands of workers and their families with an uncertain future.
- 362 **MR SOUTHWICK** — To move, That this House congratulates the Premier on his decisive action to support jobs at SPC and contrasts this to Labor's failed attempt at a novelty cheque media stunt which would have seen an unnecessary \$8 million overspend in taxpayer money, proving once again that Labor cannot manage money.
- 363 **MS D'AMBROSIO** — To move, That this House notes that by giving up on car manufacturing in Victoria, the Napthine Government has jeopardised the jobs of workers at the 23 vehicle parts manufacturers in the City of Whittlesea, and condemns the Premier and the Minister for Manufacturing for not caring about Victorian workers.
- 364 **MR BATTIN** — To move, That this House condemns the Victorian Labor Party for misleading the Victorian community with yet another Labor transport plan to add to the undelivered plans of 1999 to 2010, again proving that the Victorian Labor Party simply cannot manage money, cannot manage major projects and cannot be trusted.

- 357 **MR McCURDY** — To move, That this House congratulates the Napthine Government for its vision for regional Victoria, which has created 22,000 jobs in our regions since taking control of Labor's mismanagement in 2010, and notes that SPC Ardmona's partnership with Woolworths will secure an entire region, something Labor has talked about but never delivered.

### NOTICES GIVEN ON 26 MARCH 2014

- 348 **MR CARBINES** — To move, That this House notes the unanimous support by residents of the City of Whitehorse to preserve the ecologically and socially important Healesville Freeway Reserve for public use and condemns the Members for Forest Hill and Bayswater for supporting the development and destruction of this important biolink.
- 349 **MR NEWTON-BROWN** — To move, That this House notes that the community asked for free public transport in the CBD and the abolition of zone 2 fares and the Liberal-Nationals Coalition is delivering it, and further notes that the Opposition is all over the shop as to whether or not they support it.
- 350 **MR DONNELLAN** — To move, That this House condemns the Member for Forest Hill for failing to stand by his local community as they fight to protect the Healesville Freeway Reserve from development and preserve it as public open space.
- 351 **MR BATTIN** — To move, That this House congratulates the Minister for Public Transport on easing the cost of living for communities in the south east, saving the average couple travelling to the city each weekday up to \$2,400 and committing to the \$2.5 billion upgrade to the Pakenham/Cranbourne lines to increase capacity.
- 352 **MR DONNELLAN** — To move, That this House condemns the Member for Bayswater for failing to honour her election promise that the Healesville Freeway Reserve would be kept as public parkland for the benefit of all in the face of her party's plan to slice it up for housing development.
- 353 **MR DELAHUNTY** — To move, That this House congratulates the Minister for Education on providing \$10 million for upgrading Horsham College and notes the enthusiastic response from the school council, staff, students and community leaders who received nothing from the previous Labor government during its 11 years in government.
- 354 **MR MERLINO** — To move, That this House calls on the Napthine Government to give Forest Hill residents the opportunity to have their say on the destruction of the Healesville Freeway Reserve at the ballot box by deferring its sale to developers until after the 2014 Victorian election.
- 355 **MS McLEISH** — To move, That this House notes the Coalition Government continues to strengthen Victoria's public transport by abolishing zone 2 fares and introducing free public transport in the CBD, on top of additional services, new trains and trams and level crossing removals, leaving Labor to reflect on its miserable performance in government.

- 356 **MR MERLINO** — To move, That this House condemns the Members for Forest Hill and Bayswater for supporting the Government's plan to carve up the Healesville Freeway Reserve for housing development, placing Whitehorse's sole remaining sugar glider colony, the endangered Valley Heathy Forest and a number of rare bird species at risk.
- 357 **MR SOUTHWICK** — To move, That this House congratulates the Premier on his announcement on 26 March 2014 of a more equitable fare arrangement including free public transport in the city that encourages greater participation and further delivers a better public transport system for all Victorians.

- 350 **MR NEWTON-BROWN** — To move, That this House notes that on 27 March 2014, with the dams fuller than this time in 2013, the Minister for Water stood in the rain at the Flower and Garden Show and confirmed for the third consecutive year that Victoria would not order any water from Labor's desalination plant.
- 351 **MS KNIGHT** — To move, That this House notes the Napthine Government has failed Ballarat kids by refusing to fund the Stage 3 upgrade of Phoenix P-12 Community College and commends Labor for committing \$10 million to construct new classrooms and administration, food technology and visual arts facilities at the school.
- 352 **MR SOUTHWICK** — To move, That this House condemns all Opposition members for failing to front after the dinner break on 26 March 2014, showing a complete disrespect for the Parliament and lack of interest in their jobs and asks what if other workers skipped work to go to the pub with their mates.

- 359 **MR CARROLL** — To move, That this House notes comments by planning expert Dr Carolyn Whitzman, who dismissed Plan Melbourne as a beautiful coffee table book with some very pretty pictures in it, but noted that it neither reflects a developed consultation process, nor does it reflect the deliberations of the ministerial committee.
- 360 **MR CARROLL** — To move, That this House notes that on 26 March 2014 the former chair of the government's metropolitan planning strategy, Professor Roz Hansen, for the first time, publicly detailed the collapse of the Plan Melbourne process and why it has all the hallmarks of a *Yes Minister* script but without the laughs.

### NOTICES GIVEN ON 6 MAY 2014

- 349 **MR MERLINO** — To move, That this House notes the Premier's claim of no involvement in awarding \$1.5 million to a Liberal Party mate, and that documents from his own office and Warrnambool Council suggest he was central to that decision, and calls on the Premier to clarify whether these documents are legitimate.
- 350 **MR NEWTON-BROWN** — To move, That this House notes that given the financial track record of Myki, desal and the north–south pipeline, the Leader of the Opposition lecturing local councils on rate rises and fiscal restraint is really very funny.
- 351 **MR MERLINO** — To move, That this House notes the Premier's claim on 28 April 2014 that he was not involved in the decision to give \$1.5 million to Midfield Meats and asks him to explain the Warrnambool Council report tabled on 10 February 2014 which highlighted the Premier's direct involvement in the Midfield Meats expansion.
- 352 **MR BATTIN** — To move, That this House congratulates the Minister for Education for the construction of the new Officer Secondary College and announcing Stage 2 funding that will allow the school to operate in cooperation with the co-located Officer Special School, part of this Government's Building a Better Victoria and ensuring education for all.

- 354 **MR McCURDY** — To move, That this House notes the extraordinary backflip by Labor in suggesting councils need to cap rates, considering when they were in government they scrapped the procedure because it was too time consuming signing over cap rate hikes.
- 355 **MR NOONAN** — To move, That this House notes the Premier's claim on 28 April 2014 that he and Colin McKenna are not mates, and asks him to reconcile this with the fact that together they own a

racehorse, run a charity, fundraise and, according to documents from his office and Warrnambool Council, do business.

- 356 **MR SOUTHWICK** — To move, That this House congratulates Israel on celebrating its 66<sup>th</sup> Independence Day and thanks members of Parliament from both sides who attended the launch of the Israel innovation exhibition in Parliament House on 6 May 2014, again demonstrating our support for the great friendship that Israel and Victoria enjoy.
- 357 **MR PAKULA** — To move, That this House notes the conflict of interest inherent in the Premier's decision to give \$1.5 million to the business of a person with whom he shares a racehorse, fundraising duties and close friendship and the subsequent damage to public confidence in the impartiality of this Government's grants process.
- 358 **MS RYALL** — To move, That this House notes Labor has turned its back on the West, Ballarat and Geelong by saying in government a second crossing was critical to those communities but now says that it is not, and further notes that Labor talks and the Coalitions delivers.

### NOTICES OF MOTION

*Earlier notices appear in the consolidated version of this notice paper, available online at [www.parliament.vic.gov.au](http://www.parliament.vic.gov.au) [Legislative Assembly — Notice Papers].*

### NOTICES GIVEN ON 7 MAY 2014

- 349 **MR NEWTON-BROWN** — To move, That this House notes the opinion of *The Age* that the Labor transport vision for a truck off-ramp on the Westgate and removal of 50 level crossings is myopic and threadbare by comparison to the broad and grandiose unprecedented \$72 billion of new infrastructure projects under the Napthine Coalition Government.
- 350 **MS GREEN** — To move, That this House notes that in three and a half years of government the Napthine Coalition has only managed to open 43 of the 800 new hospital beds it promised before the election, seriously undermining its credibility as well as its ability to fix the crisis in our hospital system.
- 351 **MR SOUTHWICK** — To move, That this House congratulates the Treasurer on handing down a great budget for all Victorians signalling we are building a better Victoria in health, education, law and order, transport, infrastructure and major projects and contrasts this to Labor who could not prepare a budget for a birthday party.
- 352 **MS KNIGHT** — To move, That this House condemns the Abbott and Napthine Governments for slashing hundreds of millions of dollars of funding from Victoria's hospitals while thousands of Victorians have been left languishing in pain longer than ever on elective surgery waiting lists.
- 353 **DR SYKES** — To move, That this House congratulates the Treasurer and Coalition Government for delivering a budget that will build a better Victoria based on a solid foundation of responsible financial management, living within our means and putting in place infrastructure and services for the benefit of all Victorians.
- 354 **MR CARROLL** — To move, That this House notes the Napthine Government budget will do nothing to resolve the crisis in Victorian hospital emergency departments where patients are waiting for hours to be transferred from ramped up ambulances and nurses are increasingly vulnerable to drug and alcohol fuelled violence.
- 355 **MR BATTIN** — To move, That this House notes that the 2014/15 Budget will not only increase capacity on the Pakenham/Cranbourne line by 30 per cent, but will allow residents in Berwick, Beaconsfield, Officer and Pakenham to travel directly to Melbourne Airport in the future as part of the Coalition's commitment to building a better Victoria.
- 356 **MR PERERA** — To move, That this House condemns the Premier for delivering a budget that fails Victorian patients, fails elective surgery targets and fails to fix the growing crisis in Victoria's ambulance system.
- 357 **MS RYALL** — To move, That this House notes Labor should be banned from any involvement in managing finances and major projects and if they were to rip up the Melbourne rail link, Victorians need only remember desal, the north-south pipeline, Myki and the failed pokies auction to know the outcomes.

- 358 **MR HOWARD** — To move, That this House condemns the Napthine Government for its refusal to provide the National Centre for Farmer Health with the \$1 million per annum it needs to operate and condemns the callous disregard shown by the Premier and Leader of the Nationals towards the health of rural and regional Victorians.

- (2) Copies of all notices, whether to be given orally or in writing, must be provided to the Clerks at the table before notices are called on by the Speaker.
- (3) Oral notices must be read to the House. They can only be given before the House proceeds to the business of the day as set out in the notice paper.

**NOTICES GIVEN ON 29 OCTOBER 2013**

- 9 **MS RYALL** — To move, That this House notes the Abbott Government's election commitment to abolish the carbon tax and the enormous cost of it on our health care system, in particular the \$688,134 paid by Eastern Health in the 2012–13 financial year, and calls on the Federal Opposition to support its abolition.

- 11 **MR NEWTON-BROWN** — To move, That this House notes that in the shadow of Bill Shorten's looming announcement supporting ditching the carbon tax, the Leader of the Opposition is warming up for his own backflip as the unions and his own party members mutiny over the East West tunnel.
- 12 **MR MERLINO** — To move, That this House calls on the Member for Doncaster and Minister for Mental Health, Community Services and Disability Services and Reform to show some courage, face up to the consequences of her government's cuts to Lilydale TAFE, and contest the seat of Monbulk in 2014.

- 18 **MR PAKULA** — To move, That this House notes that if the Member for Doncaster and Minister for Mental Health, Community Services and Disability Services and Reform is still looking for a seat in 2014, the Premier has helpfully made endorsement for the electorate of Frankston available to her.

#### NOTICES GIVEN ON 30 OCTOBER 2013

- 19 **MS D'AMBROSIO** — To move, That this House condemns the Napthine Government for its lack of a jobs plan and its failure to make any public comment in response to the shock announcement that the Golden Circle factory in Mill Park will close and be relocated to Queensland, putting 123 local people out of work.
- 20 **MR NEWTON-BROWN** — To move, That this House notes that despite the Bushfires Royal Commission concluding that the fire services levy desperately needed reform, the previous Labor Government failed to introduce a fairer system of funding our fire services, and further notes that the Coalition is getting on with these important reforms.

- 31 **MR NEWTON-BROWN** — To move, That this House notes the dazzling disparity between the Coalition's pipeline of game-changing infrastructure projects that will drive prosperity in this State and the Labor projects such as the desalination plant and the north-south pipeline that drag like anchors on our economy.

- 33 **MS McLEISH** — To move, That this House notes the Auditor-General's report into Clinical ICT Systems, outlining another botched Labor Government project with the HealthSMART average site installation cost of \$36.3 million, just short of the \$40 million to expand the Emergency Department at Frankston, compared to the average non-HealthSMART installation cost of \$1.8 million.
- 34 **MR NOONAN** — To move, That this House notes Victoria's worsening ambulance crisis and condemns the Minister for Health for his refusal to provide information in response to 18 letters the Member for Williamstown sent him between 22 August 2012 and 31 May 2013 seeking explanations for a range of ambulance patient and performance issues.
- 35 **MR BULL** — To move, That this House recognises that the East West Link is good for Victoria, and rather than quote Gary from Gippsland or Wally from the Wimmera, the Opposition should listen to rural business leaders and union leaders who openly agree it is good for Victoria.

#### NOTICES GIVEN ON 12 NOVEMBER 2013

- 43 **MR BATTIN** — To move, That this House condemns the Leader of the Opposition for misleading Victoria with Labor Party rhetoric about completing all the State Labor Party preselections prior to 15 December 2013 when it is clear the Labor Party does not have preselections as candidates are selected by the unions’ faceless men.

- 44 **MS ALLAN** — To move, That this House condemns the Minister for Police and Emergency Services for his insensitive comments blaming the previous Labor Government for the Black Saturday fires and notes that if the Minister cannot handle scrutiny without resorting to blood-on-your-hands commentary, Victorians cannot be confident he can handle the coming fire season.
- 45 **MR SOUTHWICK** — To move, That this House notes attempts by the extreme left to sneak the partner of militant union leader John Setka into this Parliament and further notes that despite claims by the Leader of the Opposition that he wants to clean up the Labor Party it still looks after its union mates.
- 46 **MS KNIGHT** — To move, That this House notes the recent bungled test run of the CFA's Fire Ready App which saw fire alert text messages sent to nearly 500,000 Victorians and raises its concern that the Napthine Government's \$66 million funding cuts are already affecting the community information warnings system, placing lives at risk.
- 47 **DR SYKES** — To move, That this House notes the intention of Labor's left to preselect an associate of the disreputable CFMEU and calls upon the Leader of the Opposition to declare whether he stands shoulder to shoulder with the thugs of the CFMEU or supports the successful tough on crime stance of the Government.

- 50 **MR HOWARD** — To move, That this House notes that firefighters from across the state have confirmed the Napthine Government's \$66 million cuts to the CFA are impacting the availability of millions of dollars' worth of crucial firefighting equipment, compromising the safety of thousands of Victorians and communities across the Ballarat East electorate.
- 51 **MS WREFORD** — To move, That this House condemns the Leader of the Opposition for being so involved with the CFMEU that his socialist left faction is bending over backwards to preselect Emma Walters, the partner of CFMEU heavy John Setka, a man penalised for 40 serious offences, for the new seat of Werribee.
- 52 **MR HERBERT** — To move, That, under s 33 of the *Parliamentary Committees Act 2003*, an inquiry into the borrowing requirements of the TAFE system be referred to the Education and Training Committee for consideration and report no later than 30 June 2014 and, in particular, the Committee should:
- (1) investigate the viability of TAFEs to rely on borrowings rather than direct capital injections from government for their capital needs; and

- 57 **MR McCURDY** — To move, That this House congratulates all Victorian road users, notes that the road toll in Victoria sits at 46 fewer deaths in 2013 to date than at the same time in 2012, and recognises the significantly lower number while understanding that over the summer holiday period this can change very quickly.

### NOTICES GIVEN ON 27 MAY 2014

- 348 **MR KATOS** — To move, That this House congratulates the Napthine Government's commitment to the western section of East West Link which will provide a vital second crossing of the Maribyrnong River for Geelong and western Melbourne residents and contrasts this to Labor's previous commitment of \$20 million for fairy lights on the Westgate Bridge.
- 349 **MR FOLEY** — To move, That this House notes the political bravery of the Member for Prahran who felt the need to clarify his party status when introduced as a Liberal at the St Kilda Film Festival stating he was from the State Government.
- 350 **MR NEWTON-BROWN** — To move, That this House notes that not one of the 3,000 people attending the St Kilda Film Festival would have seen the Member for Albert Park because he was not there, and further notes that the Liberal candidate for Albert Park, Shannon Eeles, did a fine job filling in for him.
- 351 **MR FOLEY** — To move, That this House calls on the Member for Prahran to make an immediate statement to the House clarifying his political party status, in light of his claims at the St Kilda Film Festival that he had nothing to do with Tony Abbott's Liberal Party.
- 352 **MS RYALL** — To move, That this House notes Labor's most recent financial blunder of \$1 billion which further demonstrates to all Victorians that Labor does not understand financial management, cannot read budget documents, cannot manage money and would put Victoria's finances and economy at risk.
- 353 **MR FOLEY** — To move, That this House congratulates the Member for Prahran for his invention of a new political party, the 'I'm not with Tony Abbott Party', and calls on the Member to clarify which Liberal party cuts and which Liberal party policies he now opposes.

- 354 **MR CRISP** — To move, That this House congratulates the Coalition for delivering the funding for the Murray Basin Rail Project which includes the standardisation of the Mildura Line, something Labor promised and never delivered.
- 355 **MR FOLEY** — To move, That this House calls on the Member for Prahran to immediately apologise to Port Phillip Councillor, Vanessa Huxley, for incorrectly attributing her work promoting the iconic landmarks and characters of the city to the Liberal candidate for Albert Park.
- 356 **MR SOUTHWICK** — To move, That this House condemns the Shadow Treasurer for again demonstrating his lack of financial literacy skills by making a \$1 billion blunder in his analysis of the 2013/14 Budget as reported in *The Australian* on 27 May 2014, further demonstrating that Labor cannot manage money.
- 357 **MR FOLEY** — To move, That this House condemns the Member for Prahran's attempt to weasel out of Tony Abbott's Liberal Party, and notes that residents of Prahran and across Victoria know that Liberals in any government will always cut health, cut education and cut the services they rely on each and every day.

### NOTICES GIVEN ON 28 MAY 2014

- 358 **MR NOONAN** — To move, That this House condemns the Member for Forest Hill for his continuing silence on Tony Abbott's heartless GP co-payment tax and calls on the Member to speak up and put families, the vulnerable, those on low incomes and the sick in the Forest Hill electorate ahead of the Liberal party.
- 359 **MS McLEISH** — To move, That this House notes the latest demonstration of financial incompetence by the Shadow Treasurer with his billion dollar blunder in his budget analysis, demonstrating he cannot read budget papers or financial statements, again providing concrete evidence that Labor cannot manage money and should not be trusted to manage taxpayer funds.
- 360 **MR PAKULA** — To move, That this House condemns the Member for Mordialloc for her silence on Tony Abbott's funding cuts to Victorian hospitals, and calls on her to stand up for families, the vulnerable, low wage earners and the sick in the Mordialloc electorate who need a voice in Parliament, not another Liberal mouthpiece.
- 361 **MS KNIGHT** — To move, That this House condemns the Member for Mildura for his failure to stand up to his party's leaders, and calls on him to speak up and oppose the new fuel tax which will see families, farmers and business in regional Victorian pay more for petrol to fund a Melbourne tunnel.
- 362 **MR WELLER** — To move, That this House supports funding to educate the Member for Bendigo East on how to read the budget papers so she can find the funding allocation of \$500 million for the second stage of the regional growth fund in the 2014–15 budget papers.
- 363 **MR FOLEY** — To move, That this House notes not a peep has been heard from the Member for Burwood to oppose the multi-billion dollar cuts to Gonski funding, which sees disadvantaged students in

the Burwood electorate robbed of the opportunity of better education, and condemns him for putting the Liberal Party before his constituents.

- 364 **MR NEWTON-BROWN** — To move, That this House notes that the popular candidate for Albert Park, Shannon Eeles, more than adequately fills the space left by the Member for Albert Park in his absence at local events.
- 365 **MR PAKULA** — To move, That this House notes that the Member for Bentleigh continues to sing the praises of the \$20 billion dud tunnel which will do nothing to ease congestion in Bentleigh, yet remains silent about her government's plan to divert Frankston Line trains away from Flinders Street Station.
- 366 **MR SOUTHWICK** — To move, That this House condemns the Member for Albert Park for his attack on the Member for Prahran after he missed the St Kilda Film Festival, and asks whether he is covering up the fact that he was missing in action, abandoning local voters, instead choosing to attend a Labor fundraiser.

- 344 **MR WYNNE** — To move, That this House condemns the Minister for Housing, who happily served meals at St Mary's House of Welcome in the Richmond electorate and praised them for the wonderful work they do, while standing idly by as her Government ripped critical mental health services from their most vulnerable clients.
- 345 **MR WATT** — To move, That this House acknowledges that the Shadow Treasurer's \$1 billion blunder along with the Member for Bendigo East's missing \$500 million pales in comparison to Labor's \$19 billion blowout in their transport thought bubble, proving once again Labor should never be trusted on the treasury benches.
- 346 **MS D'AMBROSIO** — To move, That this House condemns the Premier for failing to stand up to Tony Abbott, to support the 900,000 Victorian families relying on concessions and calls on the Premier and Minister for Community Services to come clean on which services they will cut from their budget to fund the subsequent gap.
- 347 **MR SOUTHWICK** — To move, That this House condemns the Leader of the Opposition for again refusing to cut ties with the CFMEU after revelations that his union buddies interfered with the Regional Rail Link project and ask when he will put Victorians ahead of his factional fundraising union mates.
- 348 **MS D'AMBROSIO** — To move, That this House condemns the Premier for his refusal to fight for the Renewable Energy Target and 6,400 Victorian jobs including 750 in the South-West Coast electorate and welcomes the strong stance taken by the Tasmanian and New South Wales governments against Tony Abbott who wants to kill it off.

- 350 **MS THOMPSON** (*Footscray*) — To move, That this House calls on the Premier to immediately condemn Liberal MLC Bernie Finn for his comments on 28 May 2014 that Tony Abbott's GP tax should not only be retained, but increased to \$10 per visit for Victorian families.

- 351 **MRS POWELL** — To move, That this House congratulates the Victorian Liberal–Nationals Coalition Government for providing the funding of \$73 million for the new Shepparton Court Complex and notes Labor’s failure to provide the funding even though they said it was a high priority for over a decade.
- 352 **MS THOMPSON** (*Footscray*) — To move, That this House calls on the Premier to immediately condemn Liberal MLC Bernie Finn for his comments on 28 May 2014 that funding the ABC is a criminal waste of taxpayer money, and calls on the Premier to repudiate Mr Finn’s call for the ABC to be privatised.
- 353 **MS D’AMBROSIO** — To move, That this House condemns the Premier for failing to fight for the Renewable Energy Target and Victorian jobs, despite appeals by Keppel Prince workers including Roger Teal who said there is going to be very little employment so we need the Renewable Energy Target so we have something to build.

- 346 **MS RYALL** — To move, That this House commends the Coalition Government for putting the people of Victoria first as opposed to the appalling political stunts of the Labor Party that serve little more than to demonstrate to Victorians that Labor will always put themselves before the interests of anyone else.
- 347 **MR PAKULA** — To move, That this House notes the Premier's statement that the Member for Frankston has done the wrong thing, been found by the Privileges Committee to have done the wrong thing and that the Government would not tolerate that, and calls on government members to vote to expel the Member for Frankston.
- 348 **MS McLEISH** — To move, That this House notes the continued strong economic performance by the Coalition Government evidenced by Victorian state final demand which increased by 0.7 per cent over the March 2014 quarter, and by 1.8 per cent over the year, and that unlike the Shadow Treasurer the Coalition knows what this means.
- 349 **MS GREEN** — To move, That this House notes the Premier's declaration that the Member for Frankston must be held fully accountable for his wrongful actions, and calls on the Premier to demonstrate that he is not controlled by the Member for Frankston by immediately bringing on the Privileges Committee report for consideration by Parliament.
- 350 **MR NEWTON-BROWN** — To move, That this House notes that by his actions the Leader of the Opposition has shown that he places tricky political manoeuvring above the needs of the nurses, the teachers, the ambulance officers, and the police that urgently require the Victorian budget to pass.

- 353 **MR McCURDY** — To move, That this House congratulates the Napthine Government on committing to record investment for Victoria's infrastructure including roads and rail that will deliver for all Victorians rather than an oversized desalination plant that still sits idle with a payment plan of 27 long years

### NOTICES GIVEN ON 11 JUNE 2014

- 343 **MR NEWTON-BROWN** — To move, That this House notes that while the Premier has demonstrated decisive leadership, the Leader of the Opposition has blundered from Government House to Trades Hall to Spring Street and is still blundering, shamelessly parading his ambition for power at all costs regardless of the interest of Victorians.
- 344 **MR PAKULA** — To move, That this House notes that on five occasions during question time on 10 June 2014, the Premier refused to answer questions about the outrageous demands from the Member for Frankston, and instead the Premier chose to continue protecting him.
- 345 **MR SOUTHWICK** — To move, That this House congratulates the Opposition on finally seeing the light in a speedy response to endorse the Coalition's budget and asks whether they finally received instructions to get on with it from John Setka or was it because Labor recognises that the 2014–15 budget builds a better Victoria.
- 346 **MR NOONAN** — To move, That this House notes the Premier's comments that the Member for Frankston has done the wrong thing and that the Government will not tolerate that, and calls on the Premier to stand by his comments and back Labor's motion to expel the Member for Frankston.
- 347 **MS RYALL** — To move, That this House notes that while all of Victoria can see it, Labor and the Leader of the Opposition cannot see the contradiction in their refusal to expel the CFMEU.
- 348 **MS GRALEY** — To move, That this House condemns the Premier for his weak leadership and his slap on the wrist punishment for the actions of the Member for Frankston.
- 349 **DR SYKES** — To move, That this House notes the *Herald Sun* 6 June 2014 article titled 'Book of Daniel Unread,' which states in part that a large number of local residents are clueless about who the State Opposition Leader is, and calls on the Leader of the Opposition to lift his game.
- 350 **MR MERLINO** — To move, That this House notes the Premier's 11 point motion to deal with the Member for Frankston is no more than a slap on the wrist, continuing a three and a half year practice of appeasement to protect his minority Government.

### NOTICES GIVEN ON 25 JUNE 2014

- 350 **\*MR BATTIN** — To move, That this House congratulates the Chief Commissioner of Police for delivering a police service expected by the community, free from politics, and ensuring with the new blue paper that we have a genuine discussion regarding future policing and how Victoria Police can best deal with crime and prevent further crime.
- 351 **\*MR PAKULA** — To move, That this House notes the latest crisis consuming the Napthine Government, leading to calls from senior Liberal members for Jeff Kennett to step in and lead the Government to the next election.
- 352 **\*MR NEWTON-BROWN** — To move, That this House notes that the Leader of the Opposition has sliced himself deeply into a bunker by enthusiastically endorsing the candidate for Frankston, an electoral handicap who turned out to be a bit of a bogey.

- 353 \***MR PAKULA** — To move, That this House notes plans by senior Liberal members to terminate the political career of the Member for Burwood, to allow Jeff Kennett to return to the Victorian Parliament.
- 354 \***MR SOUTHWICK** — To move, That this House notes the lack of financial literacy skills of the Opposition Leader who according to his teacher was hopeless at maths and statistics, and his colleague the Shadow Treasurer who confuses billions with millions, and asks can Labor really be trusted to manage money or run a state.
- 355 \***MR CARBINES** — To move, That this House notes that senior Liberal members are showing disdain for the leadership of the Premier by calling for Jeff Kennett to do a Campbell Newman and run for Burwood at the upcoming election.
- 356 \***MS McLEISH** — To move, That this House notes that in May 2014 Victoria led the country in jobs growth which saw 19,500 new jobs created, evidence of business confidence in Victoria and strong leadership by the Naphthine Coalition Government, who unlike the Opposition gets on with the job rather than conducting hollow talk fests.
- 357 \***MR BROOKS** — To move, That this House notes calls by senior Liberal members for Jeff Kennett to take over the leadership of the Victorian Liberal Party, and calls on the Parliamentary Liberal Party to finally let the Premier actually contest an election as party leader.

### NOTICES GIVEN ON 5 AUGUST 2014

- 326 **MR FOLEY** — To move, That this House condemns the Attorney-General for his plan to officially welcome the World Congress of Families, a group that backs Russian President Vladimir Putin's law against 'homosexual propaganda', and calls on the Premier to apply to the Attorney-General the same test he applied to Aaron Lane and Jack Lyons.
- 327 **MR NEWTON-BROWN** — To move, That this House notes that while the Leader of the Opposition hides from the awkward questions of the media, Victoria Police are wading through the grubby bowels of his office, doing the job that the Leader of the Opposition himself refuses to do.
- 328 **MR FOLEY** — To move, That this House condemns Liberal member Bernie Finn MLC, who called gay campaigners who opposed the notion of reparative therapy 'rainbow fascists', and calls on the Premier to immediately dump Mr Finn and the rest of his Liberal Party faction.
- 329 **MR SOUTHWICK** — To move, That this House condemns the Leader of the Opposition for claiming to know nothing about 'tapegate' and then threatening to sue *The Age* over its comments linking Labor to this scandal and calls on him to show some leadership and apologise to *The Age* and Farrah Tomazin for his behaviour.
- 330 **MR FOLEY** — To move, That this House condemns the homophobic, racist and sexist comments of former Liberal candidates Aaron Lane and Jack Lyons, and notes that under the Premier, today's Liberal Party is still home to yesterday's offensive views championed by members of his front bench.

- 334 **MR FOLEY** — To move, That this House notes that in his three and a half years as a member of Parliament, the Member for Prahran has voted to entrench discrimination against gay Victorians, and now stands shoulder to shoulder with the homophobic record of the Attorney-General and Bernie Finn MLC.
- 335 **MR McCURDY** — To move, That this House congratulates the Napthine Government for its outstanding leadership and plan for Victoria while Labor sits on its hands with no real commitment for Victoria, and asks when will Labor get permission from the CFMEU to release their plan.

### NOTICES GIVEN ON 6 AUGUST 2014

- 327 **MR FOLEY** — To move, That this House condemns the Premier for supporting the Attorney-General's attendance at the World Congress of Families as an official representative of the Victorian Government, and notes that the Government's support for this hateful group does not represent the vast majority of Victorians.
- 328 **MR SOUTHWICK** — To move, That this House calls on the Leader of the Opposition to come clean and tell Victorians exactly what he knew about the 'tapegate' scandal or say that he knows nothing and that he is kept in the dark by his own party while everyone else does the dirty work for him.

- 329 **MR PAKULA** — To move, That this House calls on all Liberal Party and Nationals MPs who oppose the hateful agenda of the World Congress of Families to stand up and declare that the Attorney-General's welcome to this group does not represent this House, or the vast majority of Victorians.

### NOTICES OF MOTION

*Earlier notices appear in the consolidated version of this notice paper, available online at [www.parliament.vic.gov.au](http://www.parliament.vic.gov.au) [Legislative Assembly — Notice Papers].*

#### NOTICES GIVEN ON 19 AUGUST 2014

- 315 **MS KANIS** — To move, That this House notes that the Premier's dud tunnel will not do much for Melbourne residents other than decimating Royal Park and threatening Melbourne Zoo whilst diverting money from public transport, local road and bicycle network upgrades, and real solutions to Victoria's congestion.
- 316 **MR KATOS** — To move, That this House congratulates the Minister for Health and Barwon Health for their fine work in reducing the Geelong Hospital waiting list from 2048 patients down to 1261 patients at 30 June 2014, which is the lowest waiting list in 15 years.
- 317 **MR WYNNE** — To move, That this House notes that with no mandate and no business case is it really any wonder that the Victorian public does not want the Premier to spend \$8 billion of their money on his dud tunnel.
- 318 **MS RYALL** — To move, That this House congratulates the Napthine Government for Melbourne being named the world's most liveable city for the fourth year running, with perfect scores on healthcare, education, infrastructure and sport, and notes that Labor should be condemned for continually talking down our great state.
- 319 **MR FOLEY** — To move, That this House condemns the Liberal members for Carrum, Mordialloc, Bentleigh, Forest Hill, Prahran and Burwood for their blind support of an \$8 billion dud tunnel despite the vast majority of their constituents making it patently clear that they want Melbourne's 50 most dangerous level crossings removed instead.
- 320 **MR WELLER** — To move, That this House congratulates the Napthine Government on deciding a route that the community supports for the Echuca Moama Bridge and committing to starting works in 2015.
- 321 **MR WYNNE** — To move, That this House notes that if the Premier's dud tunnel was half as good as he says it is he would simply release the business case to the public, rather than spend millions of taxpayer dollars on an unconvincing campaign of hot air and spin.
- 322 **MR SOUTHWICK** — To move, That this House congratulates the Premier on the news that Melbourne beat 139 cities to again be named the world's most liveable city, achieving perfect scores on healthcare, education, infrastructure and sport, and notes that these things do not happen by chance but by sound leadership displayed by the Premier.
- 323 **MS KANIS** — To move, That this House notes that despite the Napthine Government spending millions of dollars trying to sell East West Link, the Victorian people have picked it for the dud it is, and calls on Liberal and Nationals members to back Labor's plan to remove 50 of Melbourne's most dangerous level crossings.
- 324 **MR NEWTON-BROWN** — To move, That this House notes that it is highly unlikely the investigators of the 'tapeagate' scandal are fooled by the new identity adopted by 'Dan' the new Leader of the Opposition.

### NOTICES GIVEN ON 20 AUGUST 2014

- 315 **MS RYALL** — To move, That this House calls on the Leader of the Opposition to explain to Victorians why bullying and intimidation, including thumping a car windscreen and yelling that you hope someone dies of their cancer, is acceptable behaviour as long as they are paying a \$20 levy to help him become Premier.
- 316 **MR DONNELLAN** — To move, That this House condemns the Member for Morwell for failing to assist 135 workers at Energy Brix and Mecrus who will lose their jobs at the end of August 2014, despite the

writing being on the wall for two years, and showing this government takes the Latrobe Valley for granted.

- 317 **MS MILLER** — To move, That this House congratulates the Napthine Coalition Government for earning from the Economist Intelligence Unit a perfect score in healthcare, education, infrastructure and sport and receiving good scores in culture, environment and stability, maintaining the status of Melbourne as the world's most liveable city, now for four consecutive years.
- 318 **MR DONELLAN** — To move, That this House notes that only a Labor Government will remove 50 of Victoria's most dangerous level crossings including at Mountain Road and Scoresby Road in Bayswater, and condemns the Member for Bayswater for supporting an \$8 billion dud tunnel ahead of increased commuter safety and cutting local road congestion.
- 319 **MR CRISP** — To move, That this House calls on the Opposition to show support for their candidate for the seat of Mildura by backing his call for support of the Murray Basin Rail Project.
- 320 **MR LIM**— To move, That this House notes that only a Labor Government will remove 50 of Victoria's most dangerous level crossings including six from the Frankston Line, and condemns the Member for Mordialloc for supporting an \$8 billion dud tunnel ahead of Labor's plan to increase commuter safety and cut local road congestion.
- 321 **MR PAKULA** — To move, That this House notes that only a Labor Government will remove 50 of Victoria's most dangerous level crossings including six from the Frankston Line, and condemns the Member for Bentleigh for supporting an \$8 billion dud tunnel ahead of Labor's plan to increase commuter safety and cut local road congestion.
- 322 **MR SOUTHWICK** — To move, That this House condemns the Leader of the Opposition for his latest policy announcement being a rebranding of himself from Daniel to Dan which no doubt will require new office signage, letterhead and stationery and asks will the taxpayer have to pay for his makeover or will his CFMEU mates.
- 323 **MS GRALEY** — To move, That this House notes that only a Labor Government will remove 50 of Victoria's most dangerous level crossings including at Clyde Road in Berwick, and condemns the Member for Gembrook for supporting an \$8 billion dud tunnel ahead of Labor's plan to increase commuter safety and cut local road congestion.
- 324 **MS CAMPBELL** — To move, That this House calls on the Premier to tell the people of Victoria where the promised 800 hospital beds are located.
- 325 **MS CAMPBELL** — To move, That this House condemns the Premier and the Minister for Health for insulting the intelligence of the Victorian people when they call for details and proper scrutiny of the actual number of new hospital beds promised by the Coalition Government.
- 326 **MS CAMPBELL** — To move, That this House notes that while Victorian Labor will appoint an independent expert to audit hospital beds and capacity, to obtain the facts, the Napthine Government chooses instead to go on the attack, by using the 'shoot the messenger' response.
- 327 **MS CAMPBELL** — To move, That this House calls on the Minister for Health, who was reported in *The Age* newspaper on 10 August 2014 spruiking that the Coalition Government has 'added 520 new beds into the system as of June 30 last year' to explain what mathematical formula made 520 the equivalent of 800.
- 328 **MS CAMPBELL** — To move, That this House notes that our state is in a Napthine unemployment crisis, where the seven per cent unemployment rate has not been this high since October 2001, when the early 2000s recession was sweeping the world and Ansett Australia collapsed.

- 329 **MS CAMPBELL** — To move, That this House notes that according to the Australian Bureau of Statistics, Victoria had the largest unemployment increase, with 14,500 more people out of work, and further notes July 2014 is the tenth month in a row that unemployment in Victoria has been above six per cent.

### NOTICES GIVEN ON 17 SEPTEMBER 2014

- 325 **MS MILLER** — To move, That this House condemns the Moreland City Council for their irresponsible priorities, spending all their efforts fighting the East West Link, whilst failing their citizens and visitors by not using the money given to them by the State Government for CCTV surveillance after the tragic death of Jill Meagher.
- 326 **MR MERLINO** — To move, That this House notes that only an Andrews Labor Government will remove the dangerous level crossing at Maroondah Highway in Lilydale, and condemns the Premier for putting his dud \$8 billion tunnel ahead of fixing road safety and congestion and public transport reliability for residents and commuters in Evelyn.
- 327 **MS McLEISH** — To move, That this House notes the lack of leadership and backbone shown by the Leader of the Opposition whose continual backflips demonstrate he has no vision or plans for Victoria and that he is more interested in playing inner city politics than leading Victoria, giving the clear message that Victorians deserve better.
- 328 **MR LIM** — To move, That this House notes that only an Andrews Labor Government will remove the dangerous level crossing at Charman Road in Cheltenham, and condemns the Members for Mordialloc and Sandringham for putting his dud \$8 billion tunnel ahead of fixing road safety and congestion and public transport reliability in their electorates.
- 329 **MR CRISP** — To move, That this House condemns the Labor Opposition for not supporting the standardisation of rail in north west Victoria.
- 330 **MR DONNELLAN** — To move, That this House notes that only an Andrews Labor Government will remove the dangerous level crossing at Skye Road in Frankston, and condemns the Premier for putting his dud \$8 billion tunnel ahead of fixing road safety and congestion and public transport reliability for residents and commuters in Frankston.
- 331 **MS RYALL** — To move, That this House demands that the Leader of the Opposition explain why he makes excuses and fails to distance himself from those who copy and destroy a journalist's dictaphone in a rage, those who intimidate and bully and those involved in shonky slush funds, further showing why he cannot be trusted.
- 332 **MR DONNELLAN** — To move, That this House notes that only an Andrews Labor Government will remove the dangerous level crossing at Seaford Road in Seaford, and condemns the Premier for putting his dud \$8 billion tunnel ahead of fixing road safety and congestion and public transport reliability for residents and commuters in Carrum.
- 333 **MR NEWTON-BROWN** — To move, That this House notes that it was Premier Hamer and Attorney-General Storey who decriminalised gay sex in 1981, and further notes that 33 years later it is Premier Napthine and Attorney-General Clark who are finishing the job by expunging gay sex convictions.
- 334 **MR DONNELLAN** — To move, That this House notes that only an Andrews Labor Government will remove the dangerous level crossing at Centre Road in Bentleigh, and condemns the Member for

Bentleigh for putting a dud \$8 billion tunnel ahead of fixing road safety and congestion and public transport reliability for commuters in her electorate.

- 335 **MR LANGUILLER** — To move, That this House condemns the failure of the Napthine Government to crack down on the cruel and inhumane practice of intensive puppy farming, and notes the practice can lead to severe physical and psychological injuries for both breeding dogs and puppies.
- 336 **MR LANGUILLER** — To move, That this House recognises that Tarneit is a significant growth area with increasing demand for educational facilities and relevant infrastructure to meet the needs of its growing community.
- 337 **MR LANGUILLER** — To move, That this House notes that Tarneit Senior Secondary College is the only school within the local area for students in Years 10 to 12, and further notes that enrolments are projected to increase from the current enrolment of 310 students, to 2000 students.
- 338 **MR LANGUILLER** — To move, That this House recognises that a petition signed by over 150 community members calling for a commitment to fund the Stage 2 development of Tarneit Senior College was received by Telmo Languiller MP, candidate for Tarneit, in September 2014.
- 339 **MR LANGUILLER** — To move, That this House notes that Tarneit Senior College has been waiting for Stage 2 funding since 2011, and that Stage 2 funding would allow the College to build a library, gymnasium, administrative facilities, performing arts facilities, more science classrooms and secure car-parking.
- 340 **MR LANGUILLER** — To move, That this House notes that Tarneit Senior College Principal Michael Fawcett has stated that Stage 2 funding is already too late and needs to happen in preparation for the flood of students that is coming.
- 341 **MR LANGUILLER** — To move, That this House recognises that the existing public transport infrastructure for Tarneit Senior College is grossly inadequate, notably the failure to provide a satisfactory bus service down Leakes Road which forces many students to walk significant distances on roads without footpaths.
- 342 **MR LANGUILLER** — To move, That this House condemns the failure of the Napthine Government to provide adequate resources for education and infrastructure in Victoria's western growth corridors.

## GENERAL BUSINESS

### NOTICES OF MOTION

*Earlier notices appear in the consolidated version of this notice paper, available online at [www.parliament.vic.gov.au](http://www.parliament.vic.gov.au) [Legislative Assembly — Notice Papers].*

### NOTICES GIVEN ON 16 OCTOBER 2014

- 336 **MR DONNELLAN** — To move, That this House notes that while the Napthine Government was cutting \$1.2 billion from Victorian TAFE, closing campuses and sacking teachers, Liberal Party and Nationals staff, members of Parliament and ministers were instead focused on a pornography collection and drop off centre being run from within the Premier's office.
- 337 **MS McLEISH** — To move, That this House notes the Coalition Government's strong economic and financial management, which resulted in a \$2 billion operating surplus, the largest in 15 years, compared

---

to an Opposition who have proved they cannot read financial statements demonstrating that only a Coalition Government can be trusted to manage Victoria's finances.

- 338 **MR FOLEY** — To move, That this House notes that while Victoria's ambulance system remains in crisis, with more than 84,000 Code 1 emergency calls not being answered in time, the Government has instead been running a pornography distribution ring for Coalition staff, MPs and ministers within the Premier's own office.
- 339 **MR BATTIN** — To move, That this House condemns the Victorian Labor Party for their behaviour in the 57<sup>th</sup> Parliament including the lack of respect for standing orders, disruption on day one of the Parliament, too many members suspended to count and having members of their so called leadership team named.
- 340 **MR PALLAS** — To move, That this House notes that while Victoria's unemployment rate sits at 6.7 per cent, and more Victorians lose their jobs each and every day, Liberal Party and Nationals staff, members of Parliament and ministers have instead been exchanging pornography in the Premier's own office.
- 341 **MR DELAHUNTY** — To move, That this House congratulates the Coalition Government for its vision and plans to build a better Victoria through record portfolio funding including Sport and Recreation and Veterans' Affairs, and the \$1 billion Regional Growth Fund and notes how proud the Member for Lowan is to have been part of this Government.
- 342 **MR MERLINO** — To move, That this House condemns the Napthine Government for running a pornography distribution ring for Coalition staff, MPs and ministers from within the Premier's own office, while Victorian schools crumble and students feel the full force of Liberal cuts to education.
- 343 **MR NEWTON-BROWN** — To move, That this House notes that the Leader of the Opposition should use this last opportunity he has in the 57<sup>th</sup> Parliament to take the advice of *The Age* Editor and show some genuine leadership and reveal all he knows about the union slush fund Industry 2020.
- 344 **MS DUNCAN** — To move, That this House notes that while Victorians sit in gridlock at congested and dangerous level crossings, and commuters in Frankston, Carrum, Mordialloc and Bentleigh are shut out of the City Loop, government staffers, members of Parliament and ministers have instead been spending their time exchanging pornography in the Premier's office.
- 345 **MR SOUTHWICK** — To move, That this House thanks all the staff of the 57<sup>th</sup> Parliament including the Clerks, tour guides, security, Hansard reporters, library and catering staff for their work and especially thanks all the retiring MPs for their efforts in serving the community and wishes them well in the future.
